

The background of the entire image is a dense, colorful collage of various geometric shapes, including rectangles, triangles, and irregular polygons. These shapes are scattered across the white background, creating a vibrant, abstract pattern. The colors used include shades of blue, green, yellow, orange, red, pink, purple, and grey. Some shapes contain smaller, more complex patterns or icons, such as a spiral, a circle, or a stylized building. The overall effect is one of a busy, creative, and modern design.

DRUPAL EUROPE

ABOUT DRIES

I founded & am project lead for **Drupal**

You can find me online @**dries**

or my blog at **dri.es**

We want to build a Drupal that people **love** ♥

A person with a backpack is walking away from the viewer on a path that leads towards a range of mountains. The sky is dark and filled with stars, suggesting a night scene. The overall mood is one of journey and exploration.

Principle 1: Impact gives purpose

Impact fuels the Drupal community's collective purpose.
We derive meaning from our contributions when our work
creates more value for others than it does for us.

drupal.org/about/values-and-principles
dri.es/defining-drupal-values-and-principles

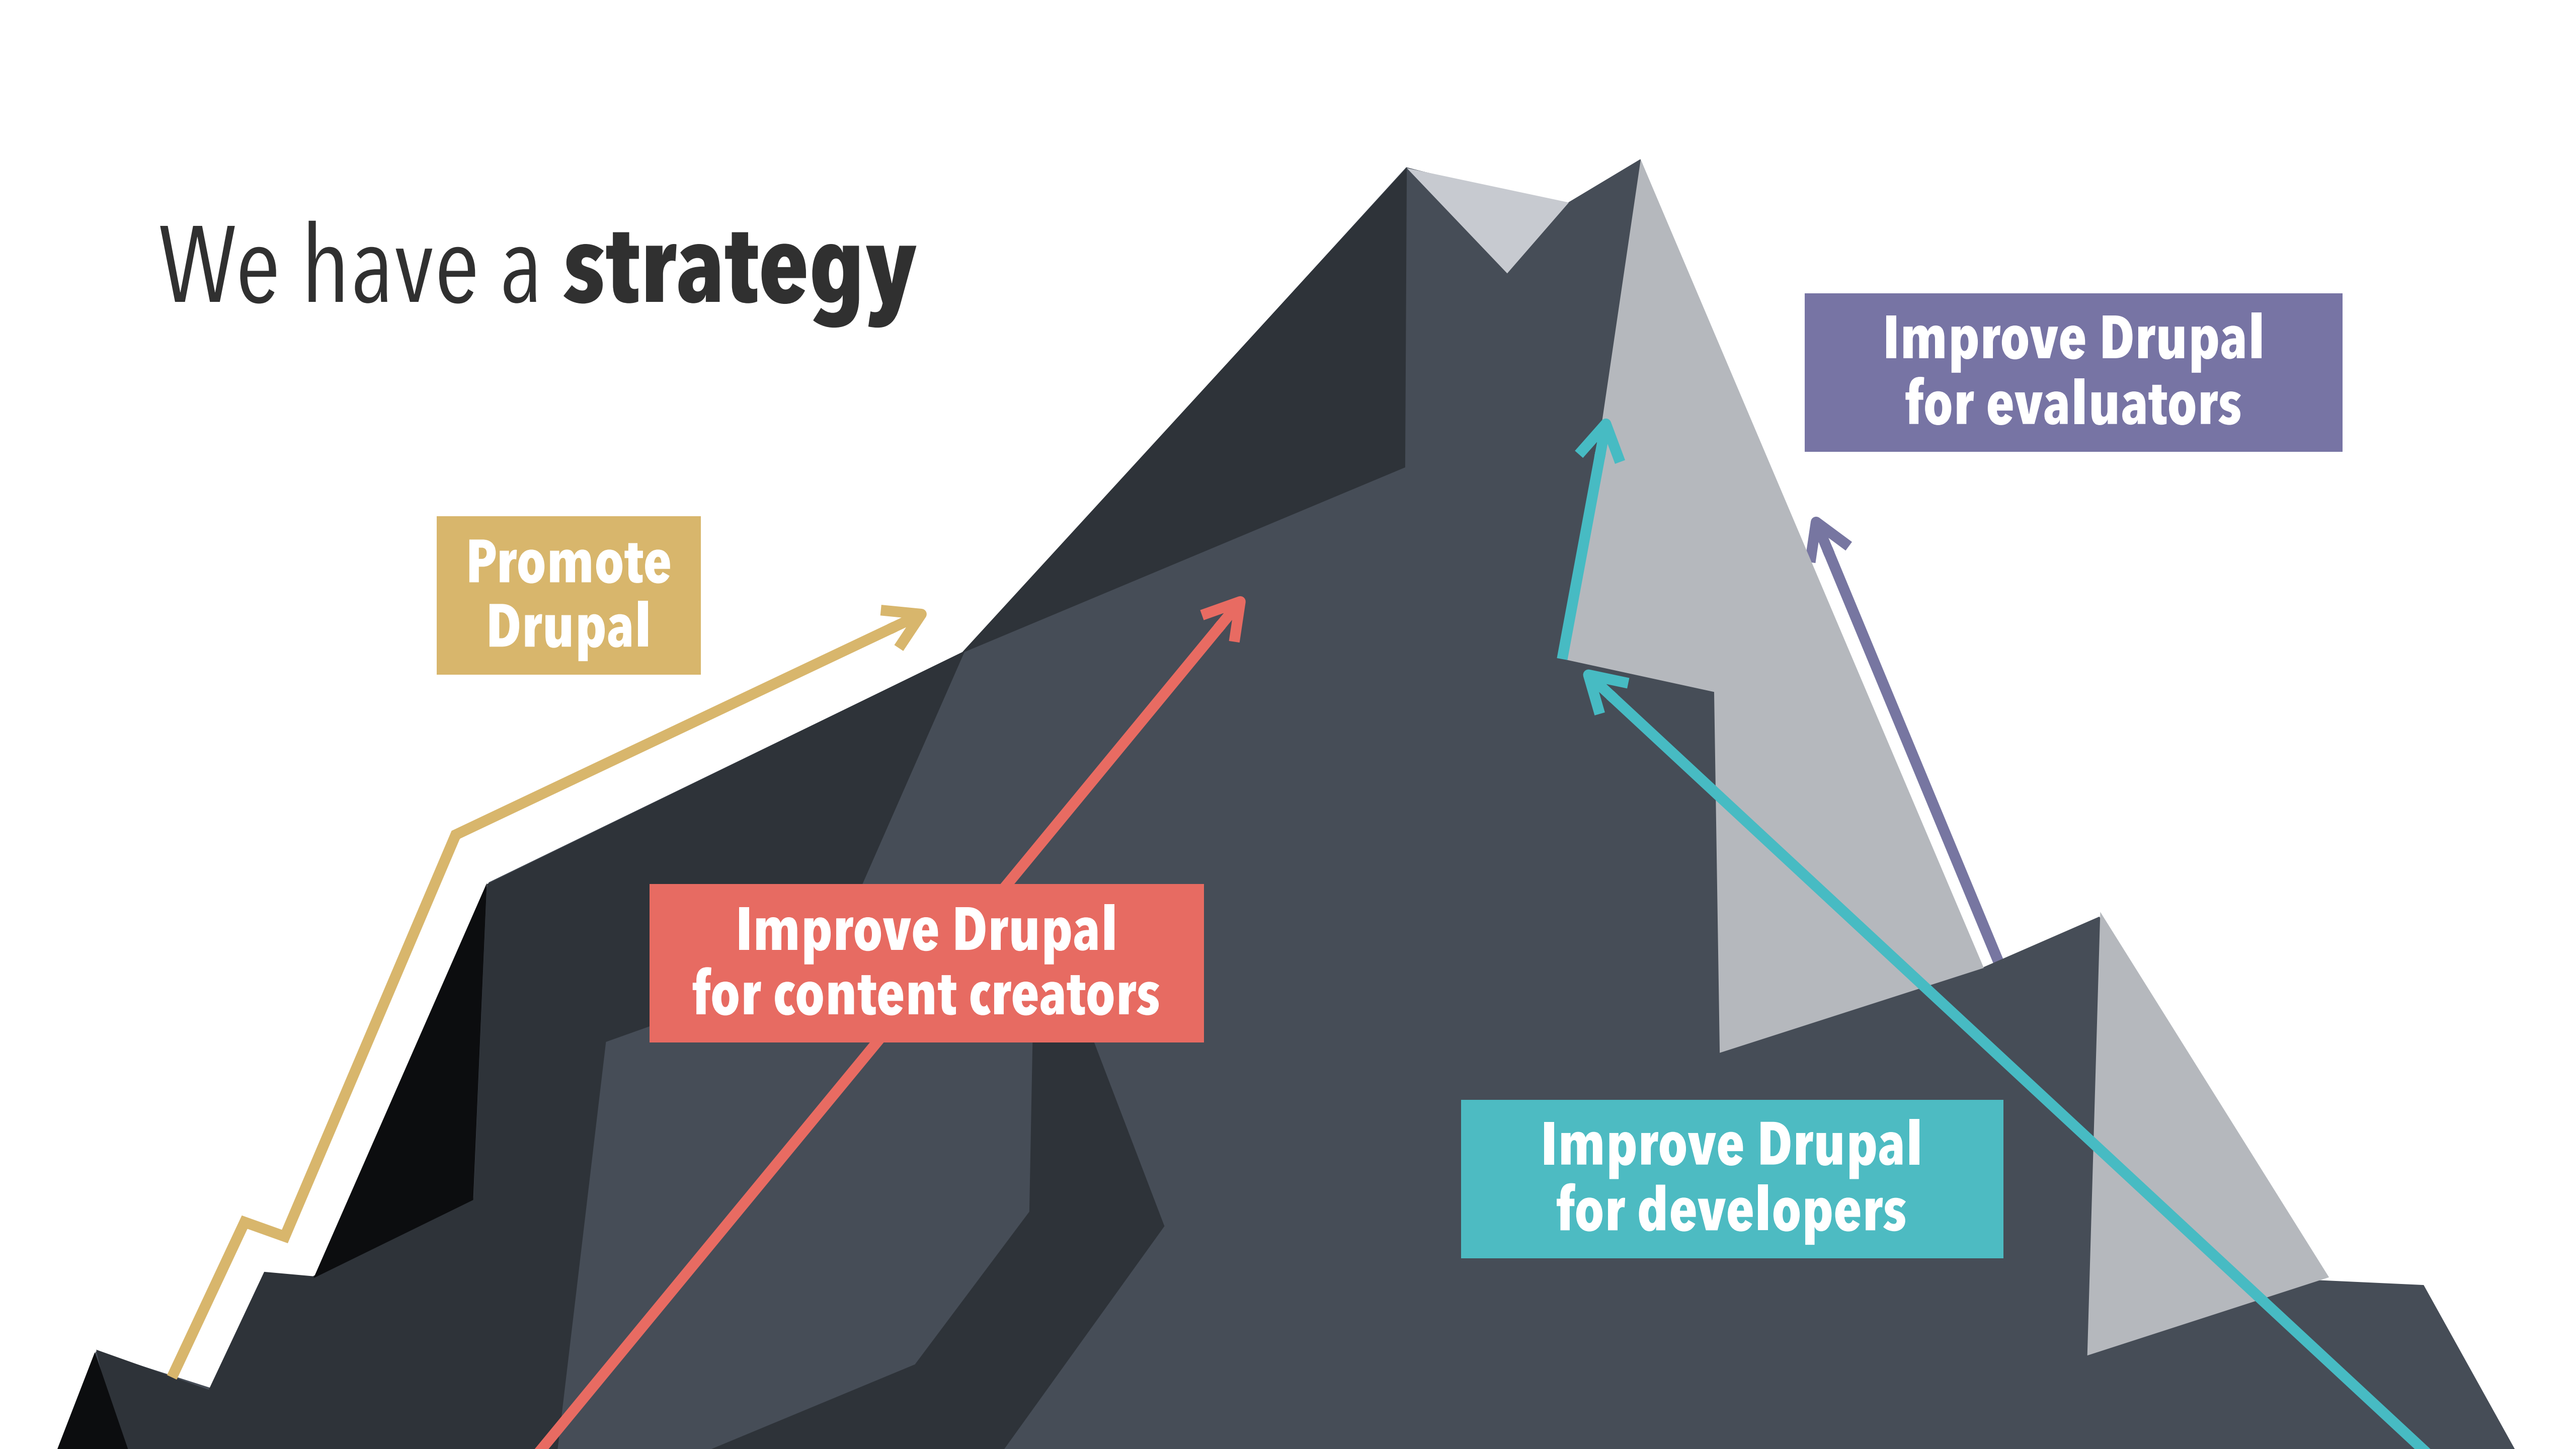

We have a **strategy**

Promote
Drupal

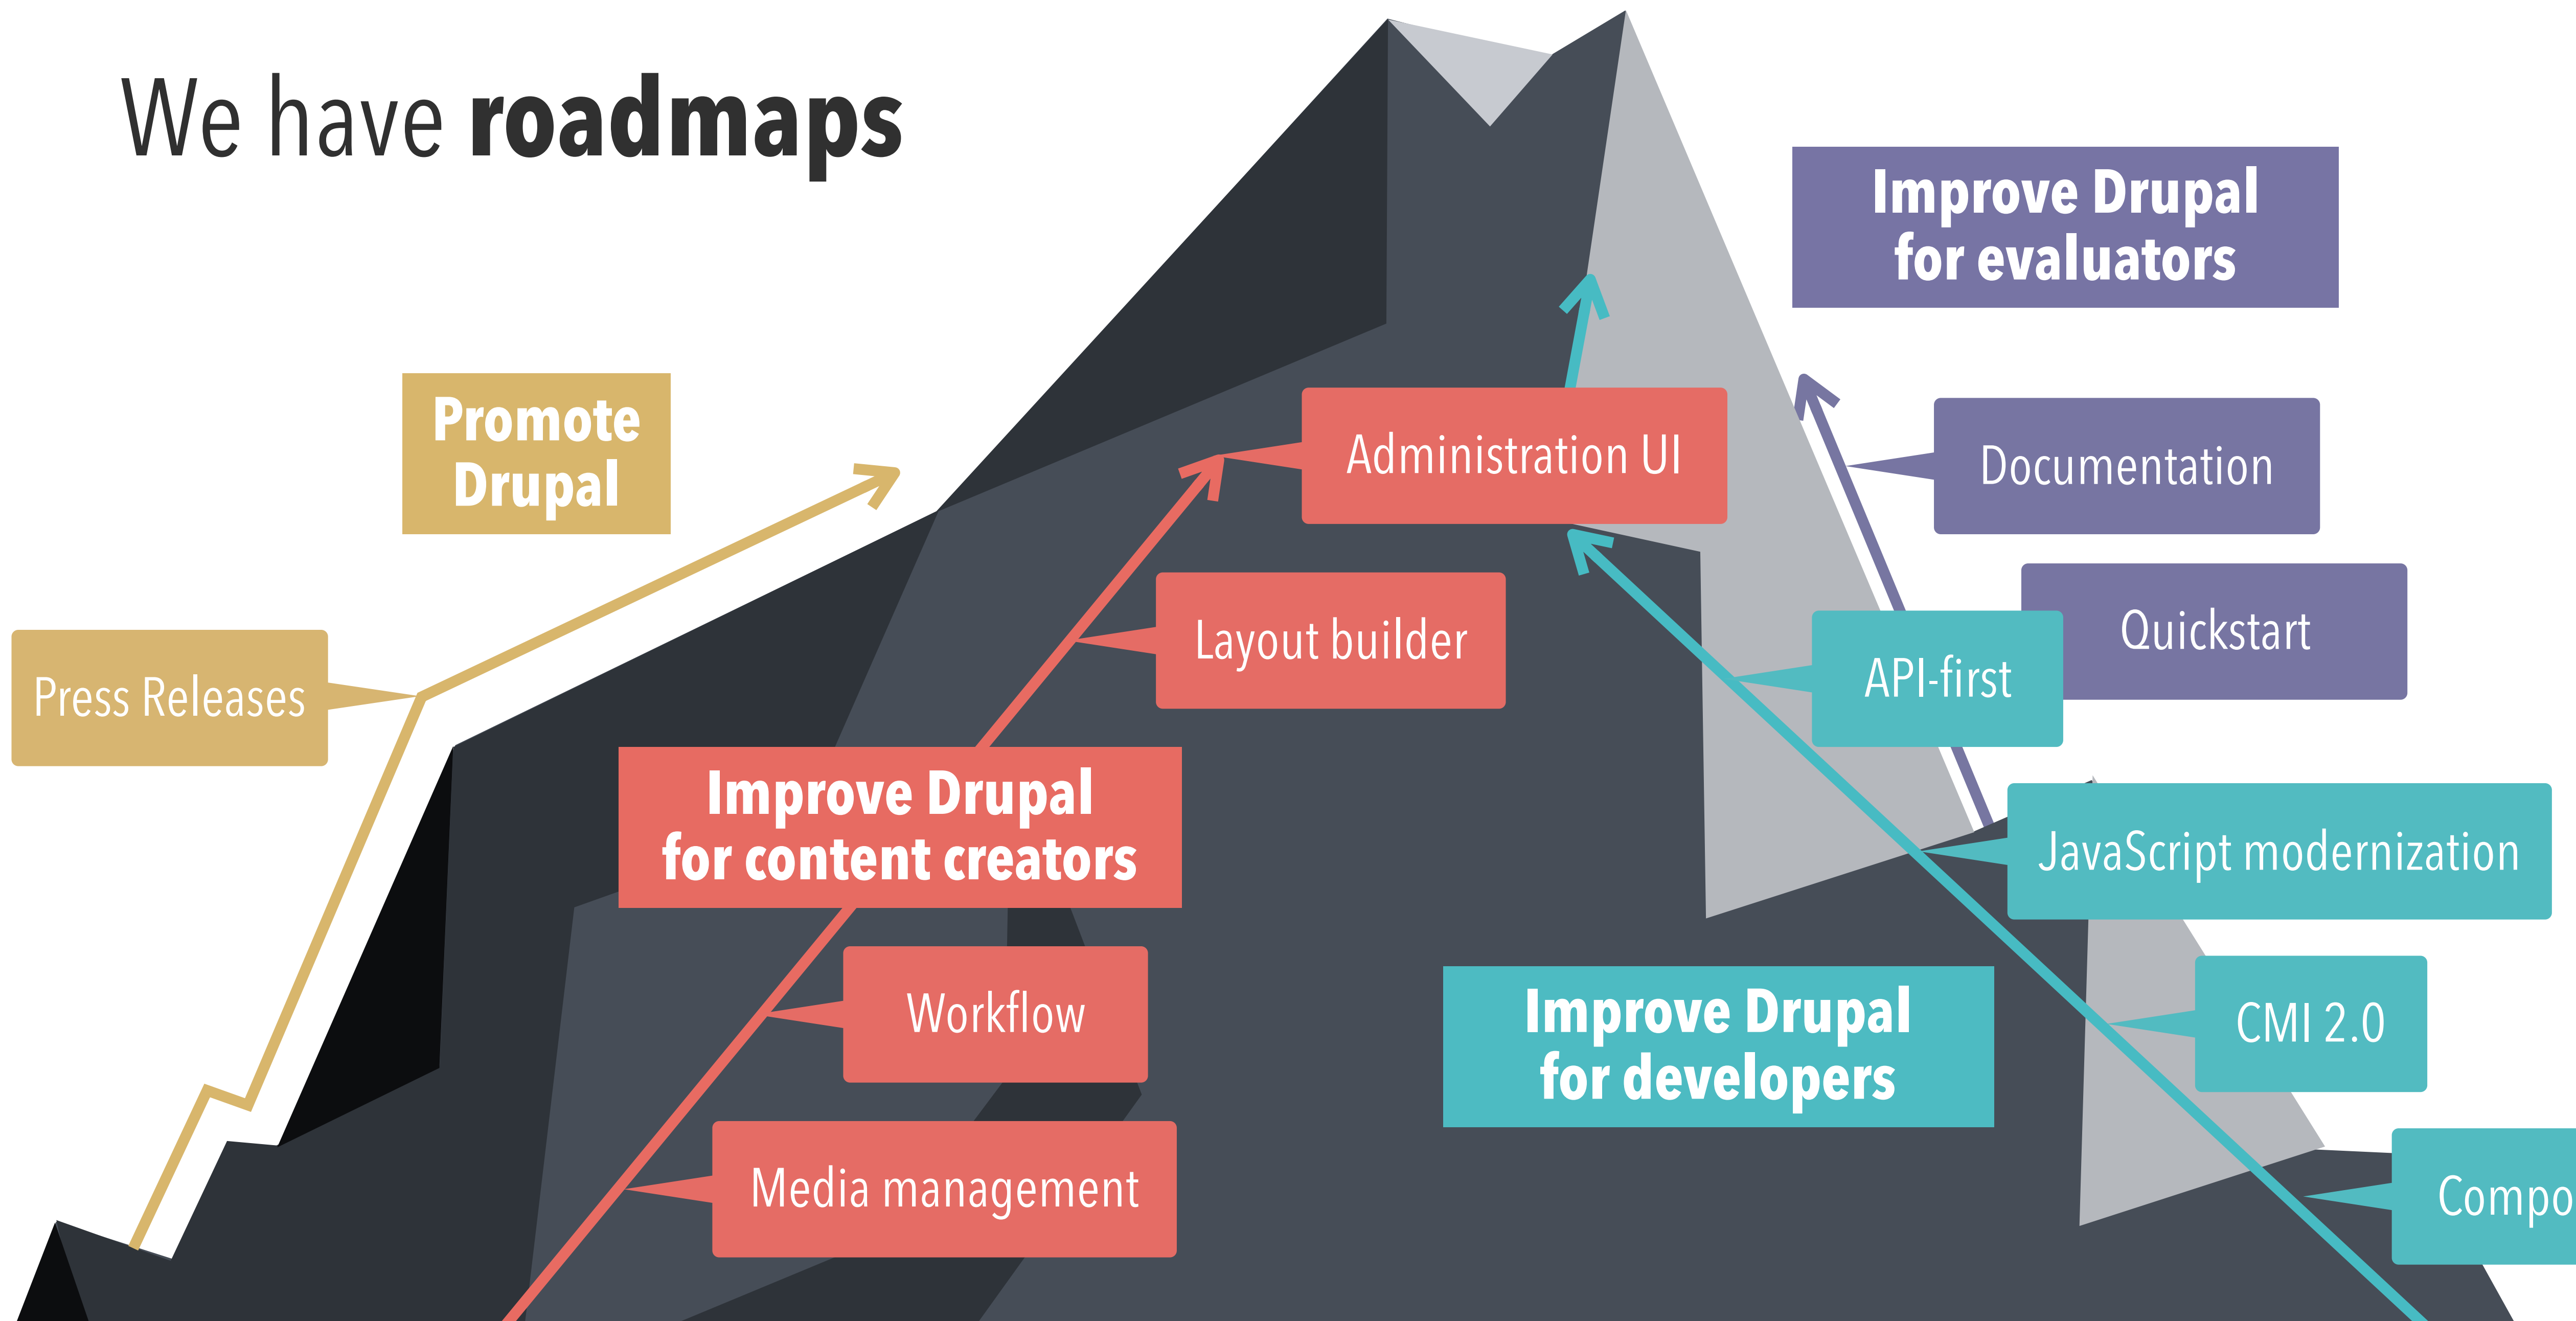

Improve Drupal
for content creators

Improve Drupal
for developers

Improve Drupal
for evaluators

We have **roadmaps**

We are making **progress**

Drupal 8.6

PROGRESS UPDATE

I. State of Drupal

II. Initiative updates

The background is a dense, abstract collage of various geometric shapes, including rectangles, squares, and polygons, in a wide range of colors such as red, blue, yellow, green, and grey. These shapes are scattered across the page, some overlapping, creating a complex, layered visual effect. The overall style is reminiscent of mid-century modern graphic design or a digital art collage.

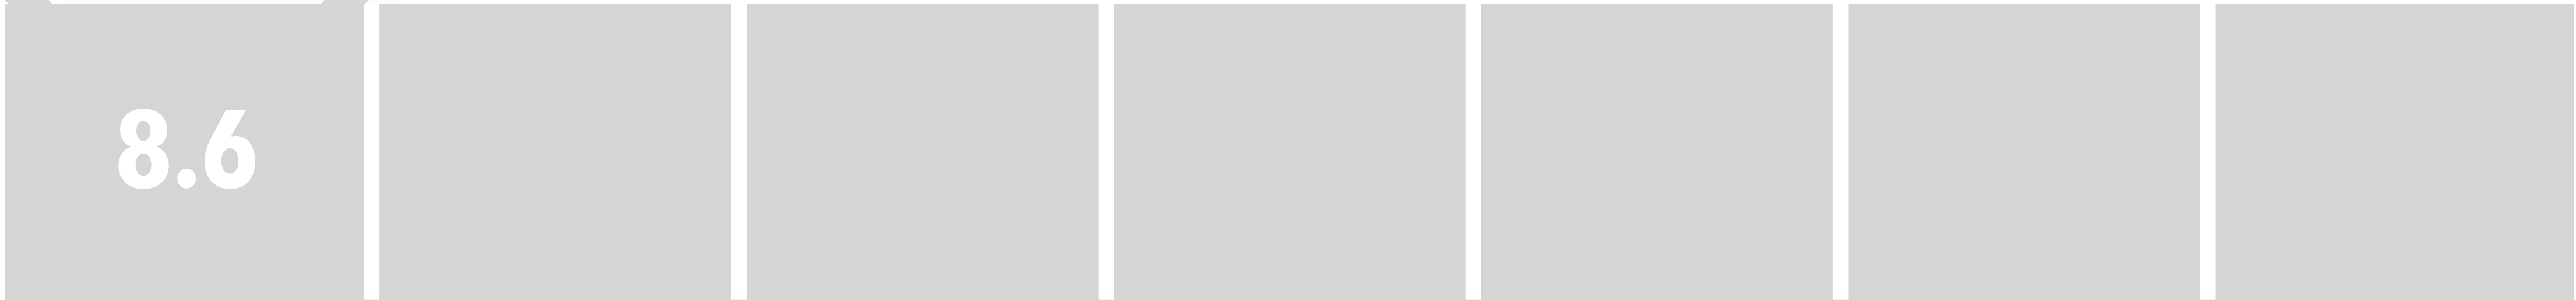

I. State of Drupal

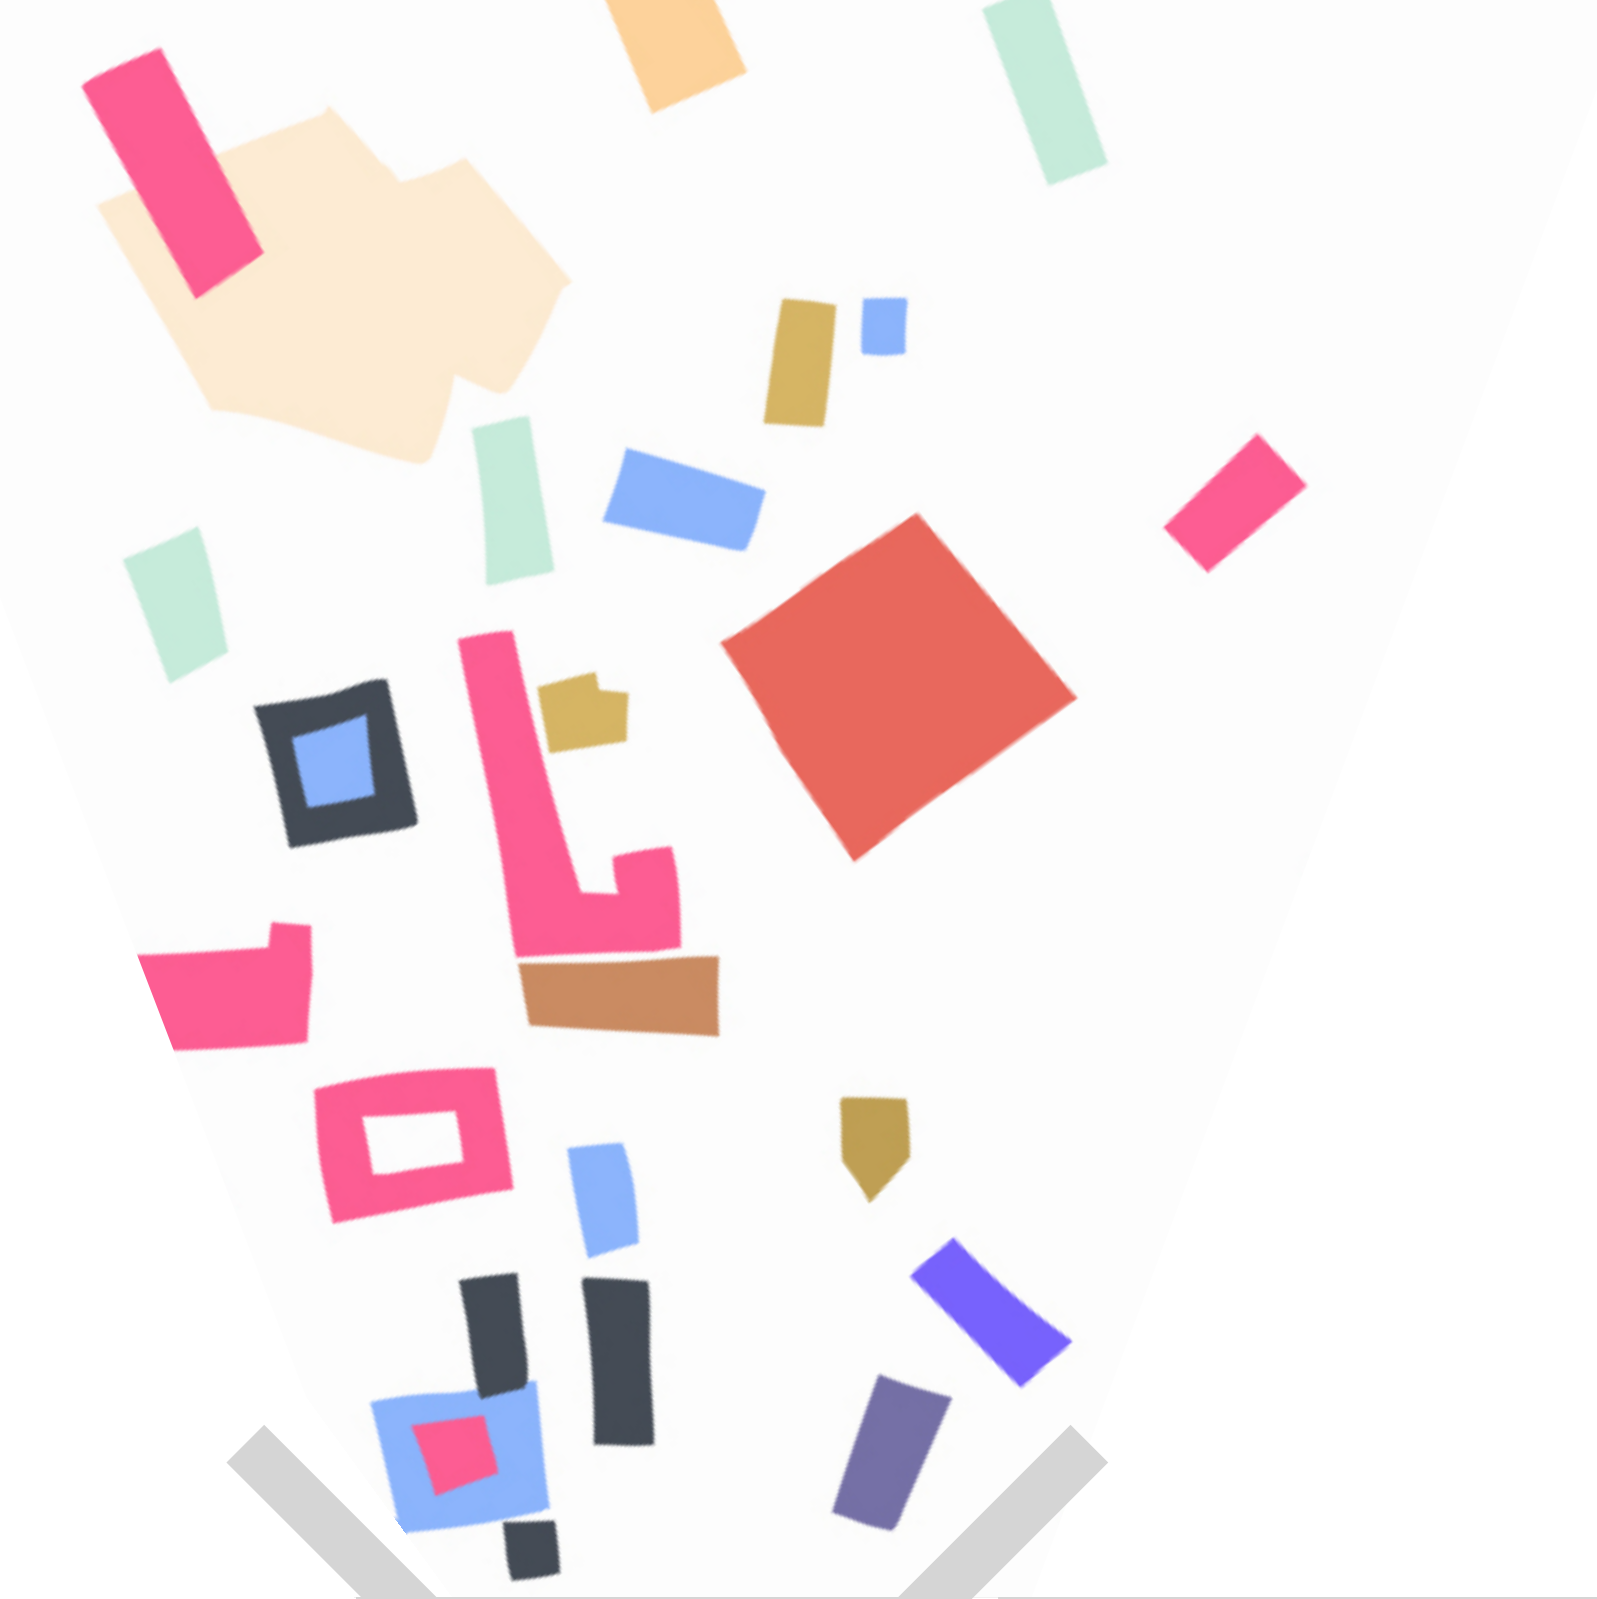

We released **8.6** one week ago

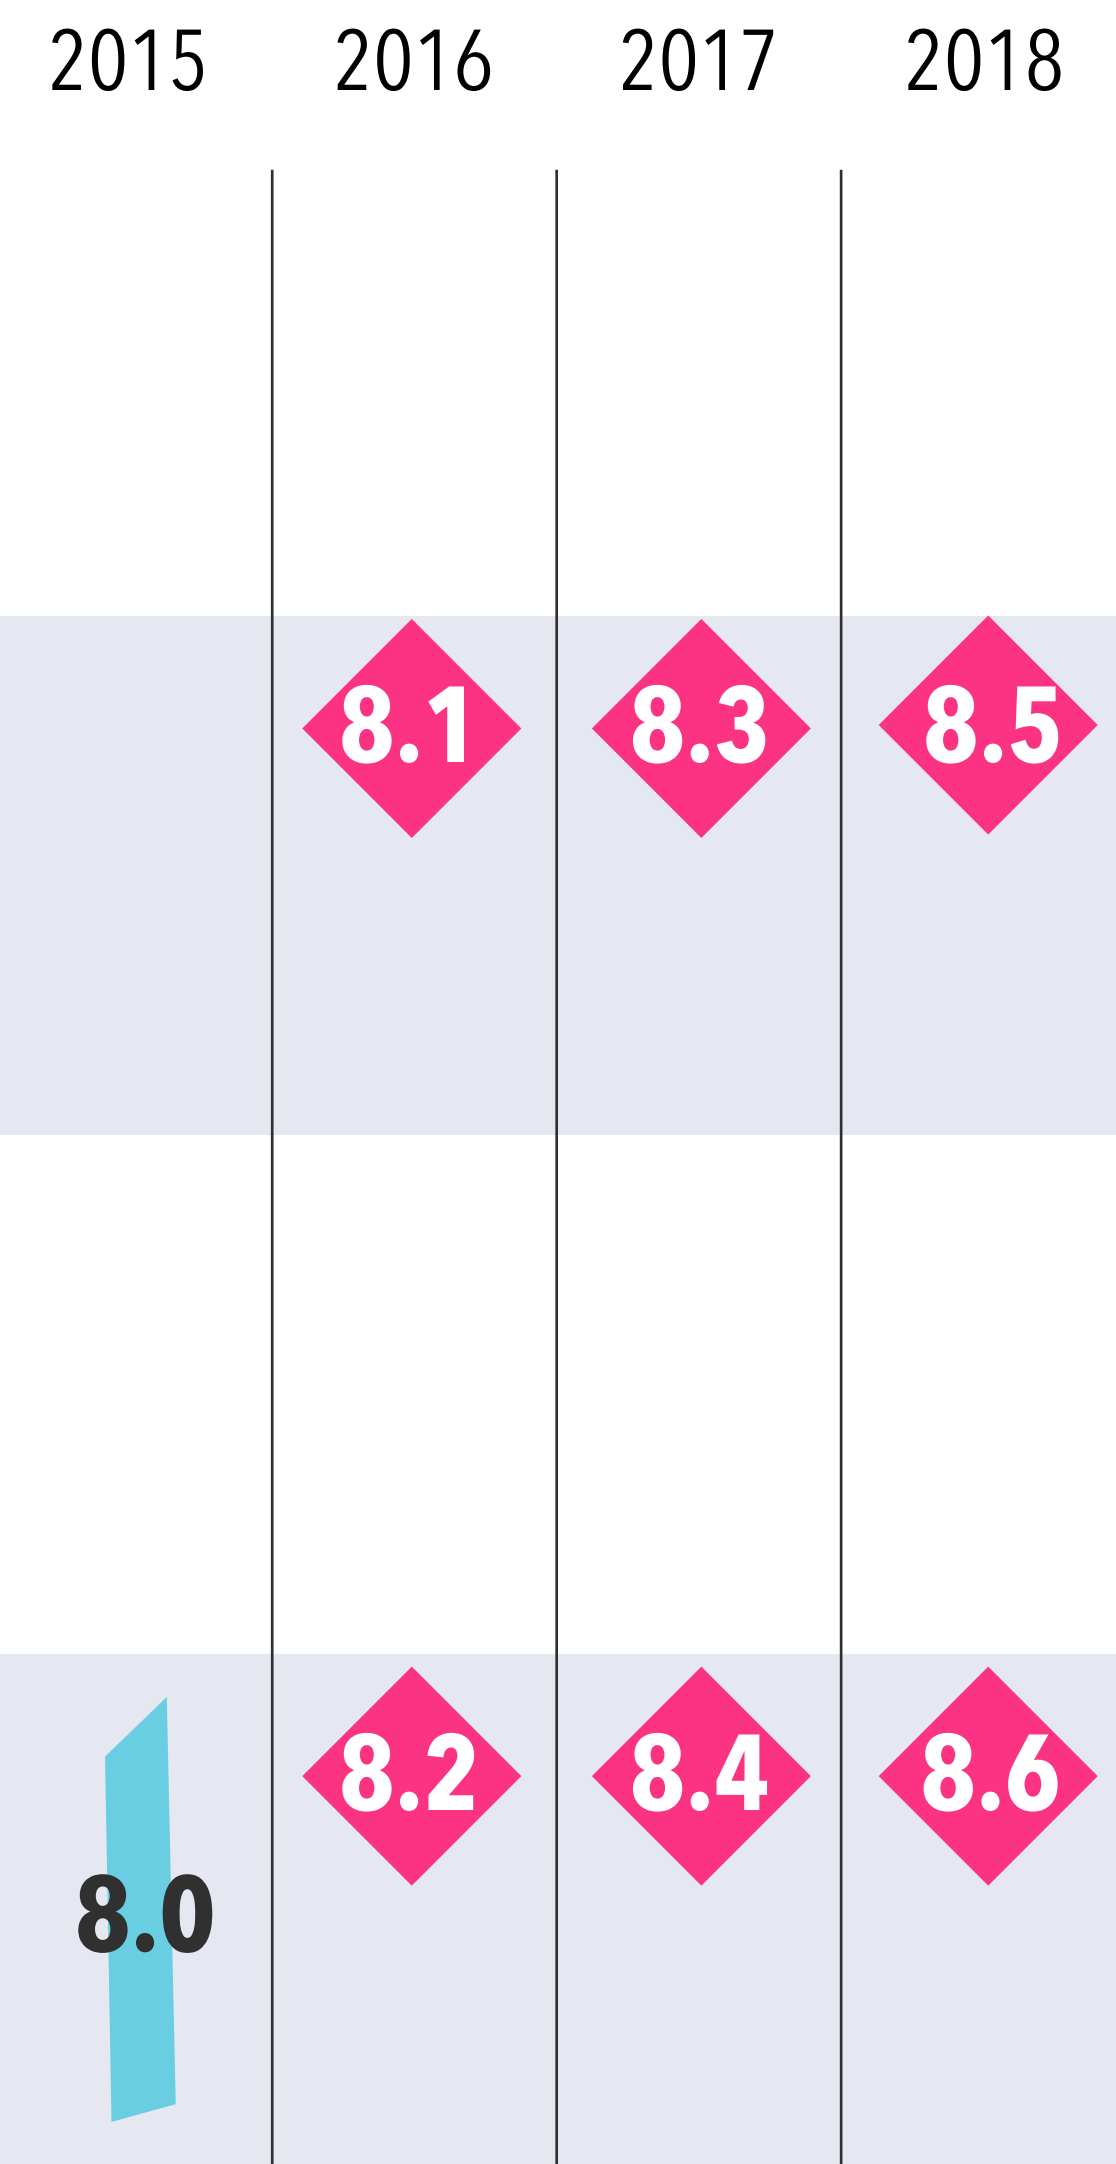

We released **8.6** one week ago

8.6

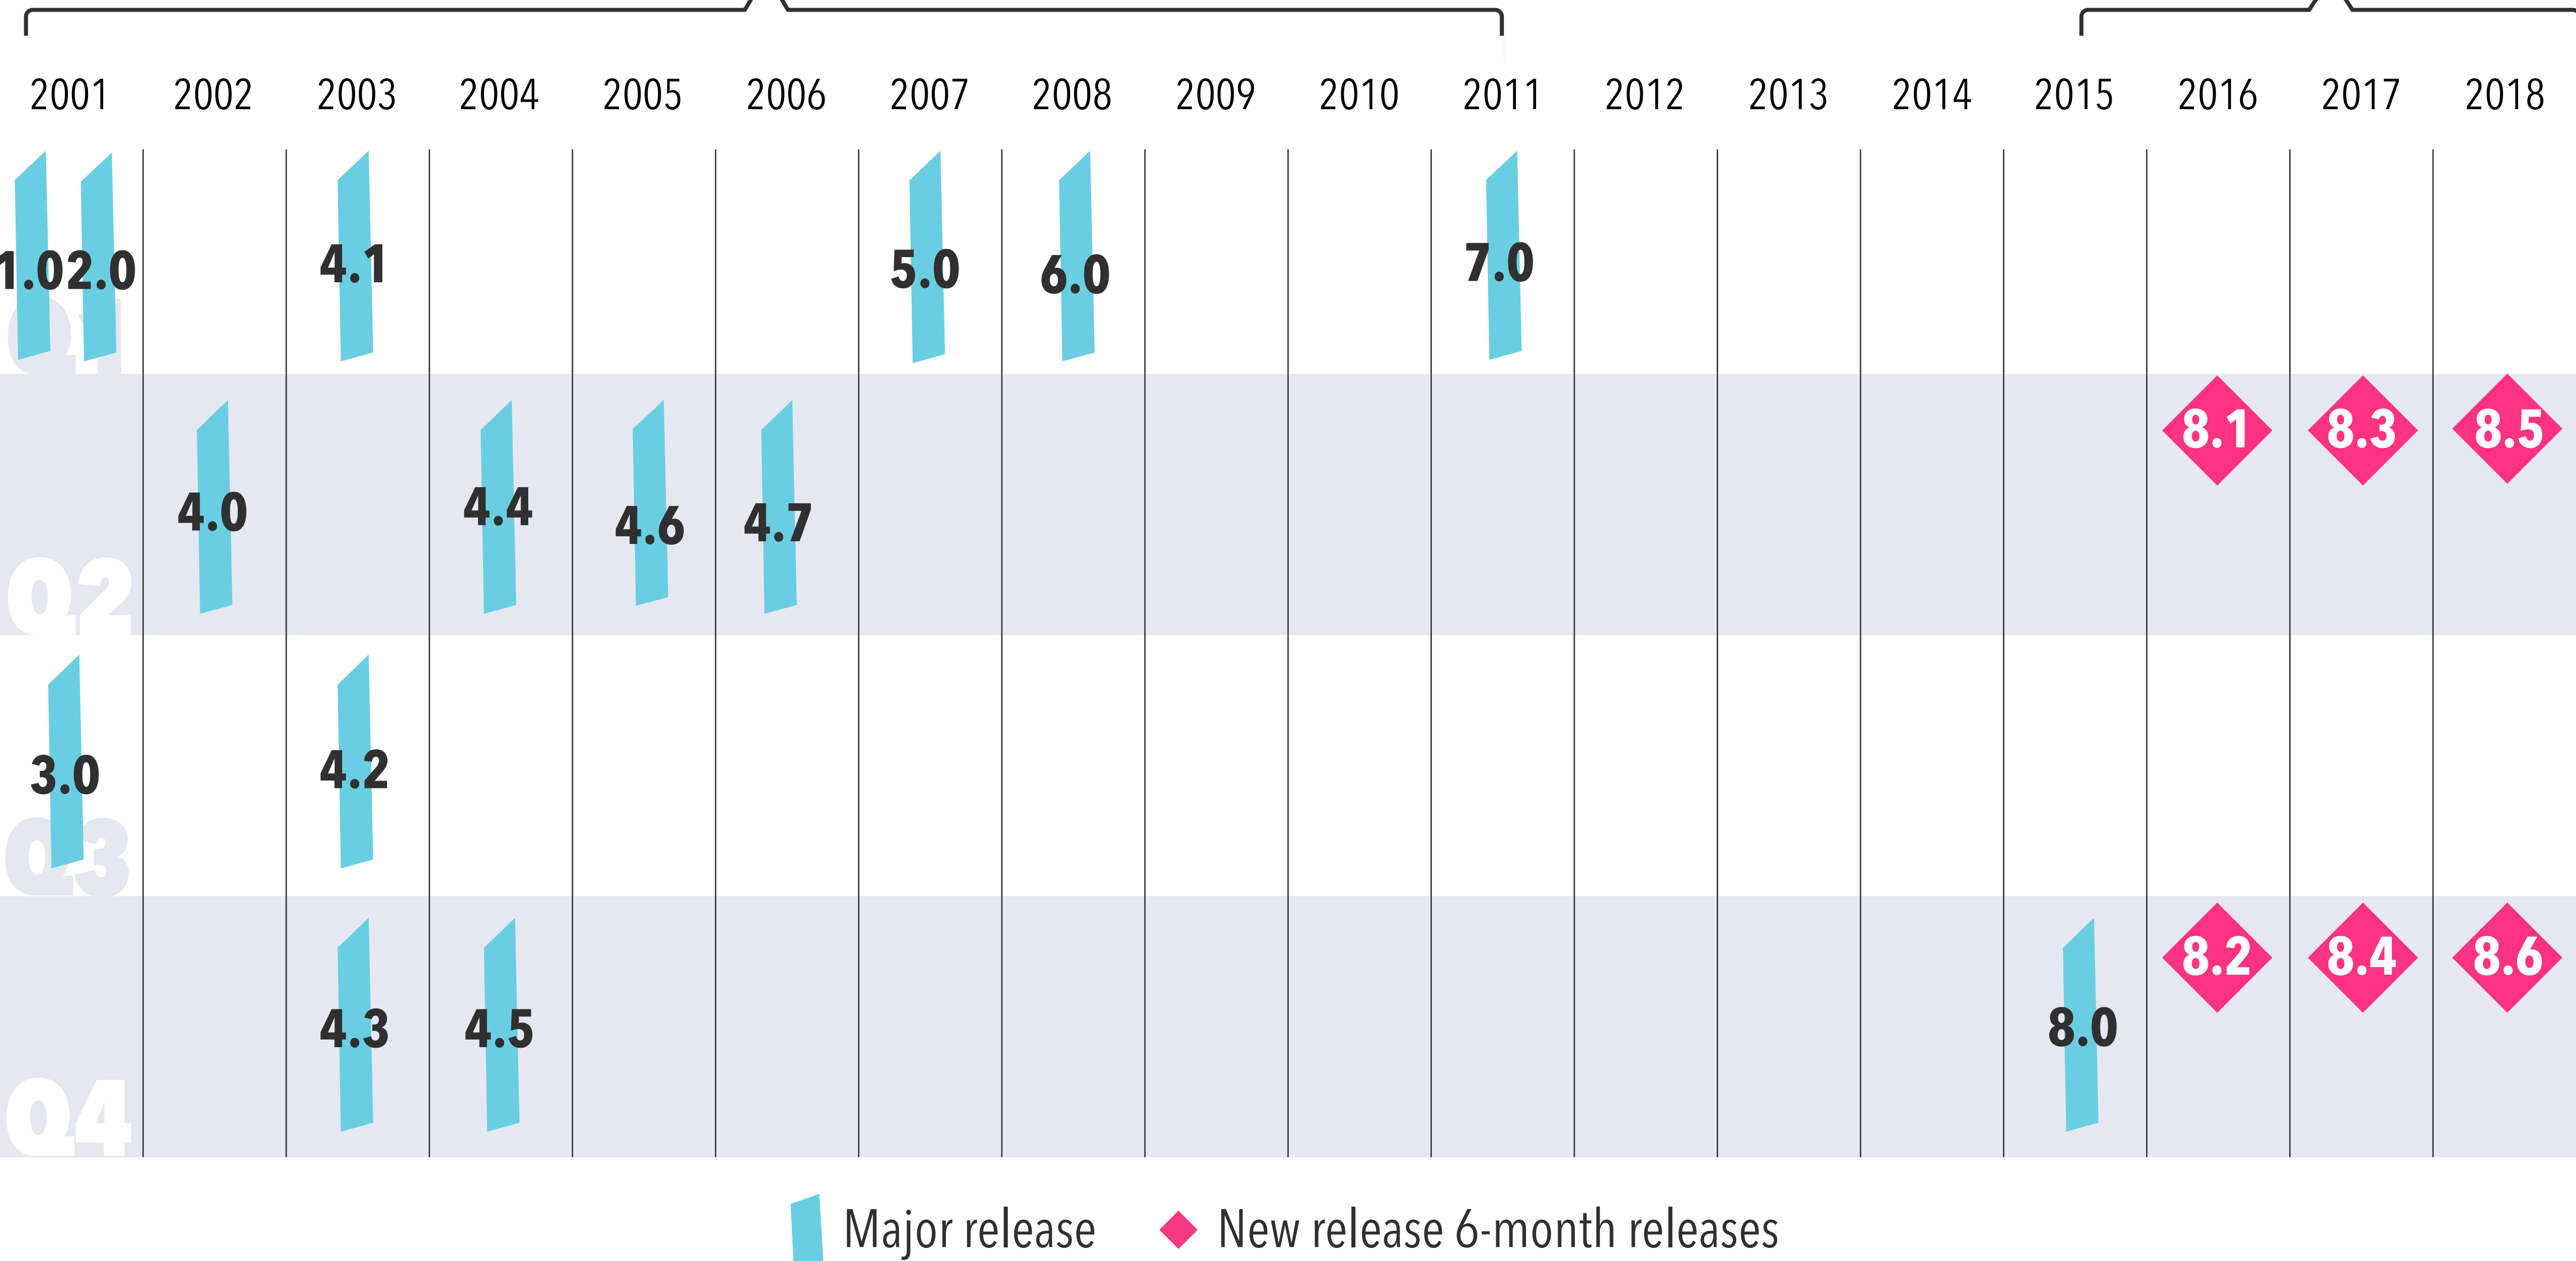

It was released **on time...**

... just like all other Drupal 8 releases **the past 3 years**

Before: Unpredictable releases

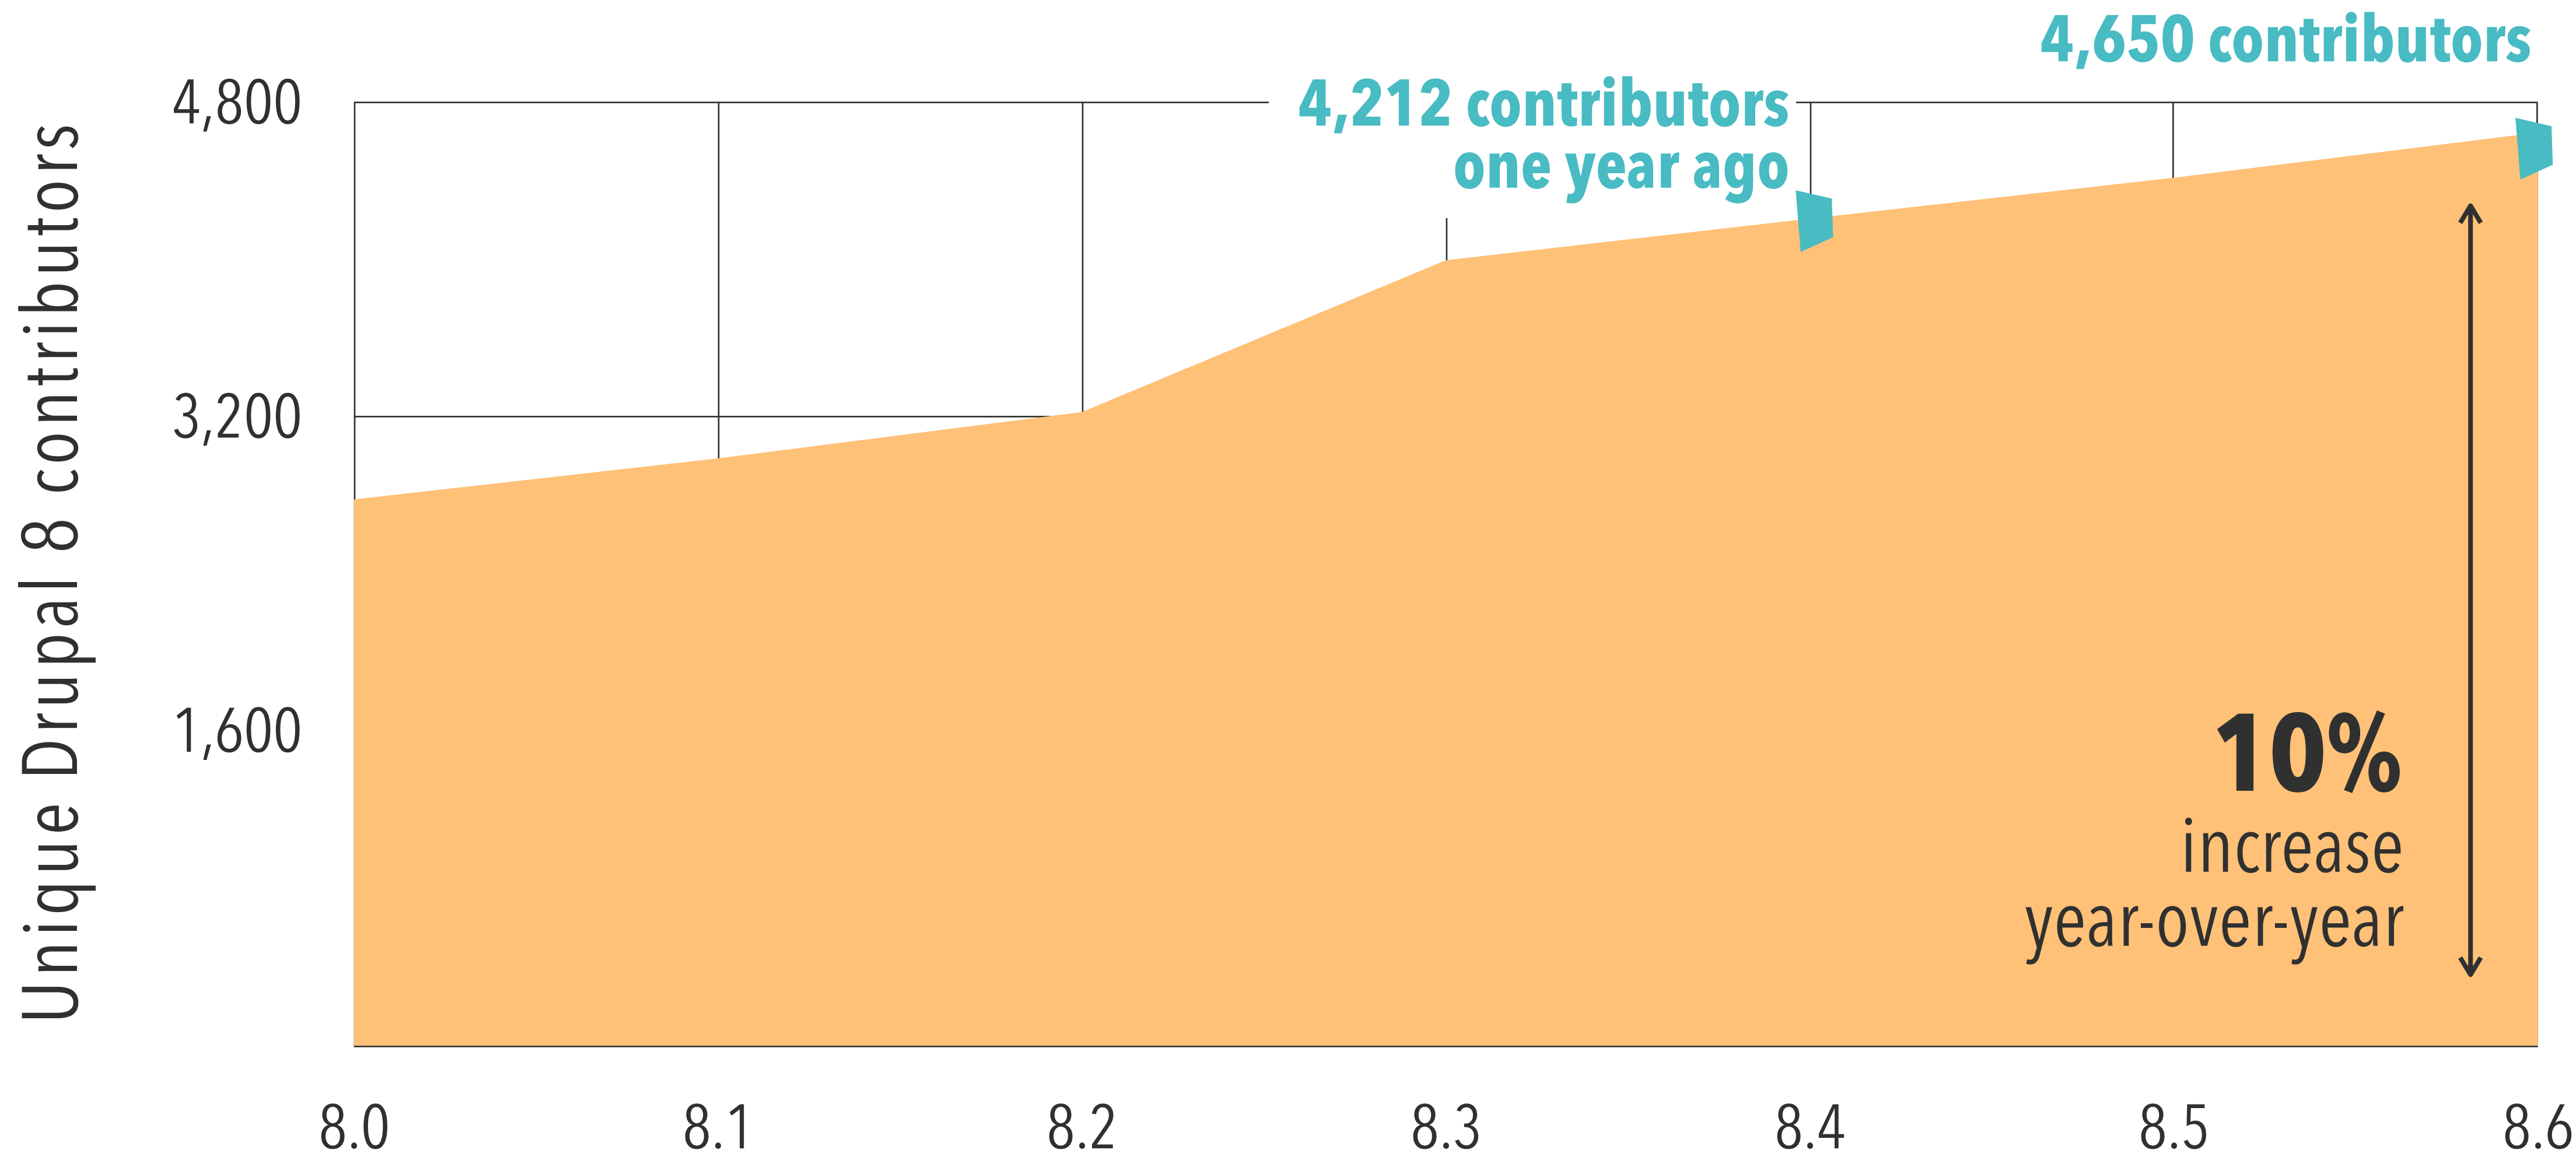

Now: Steady releases

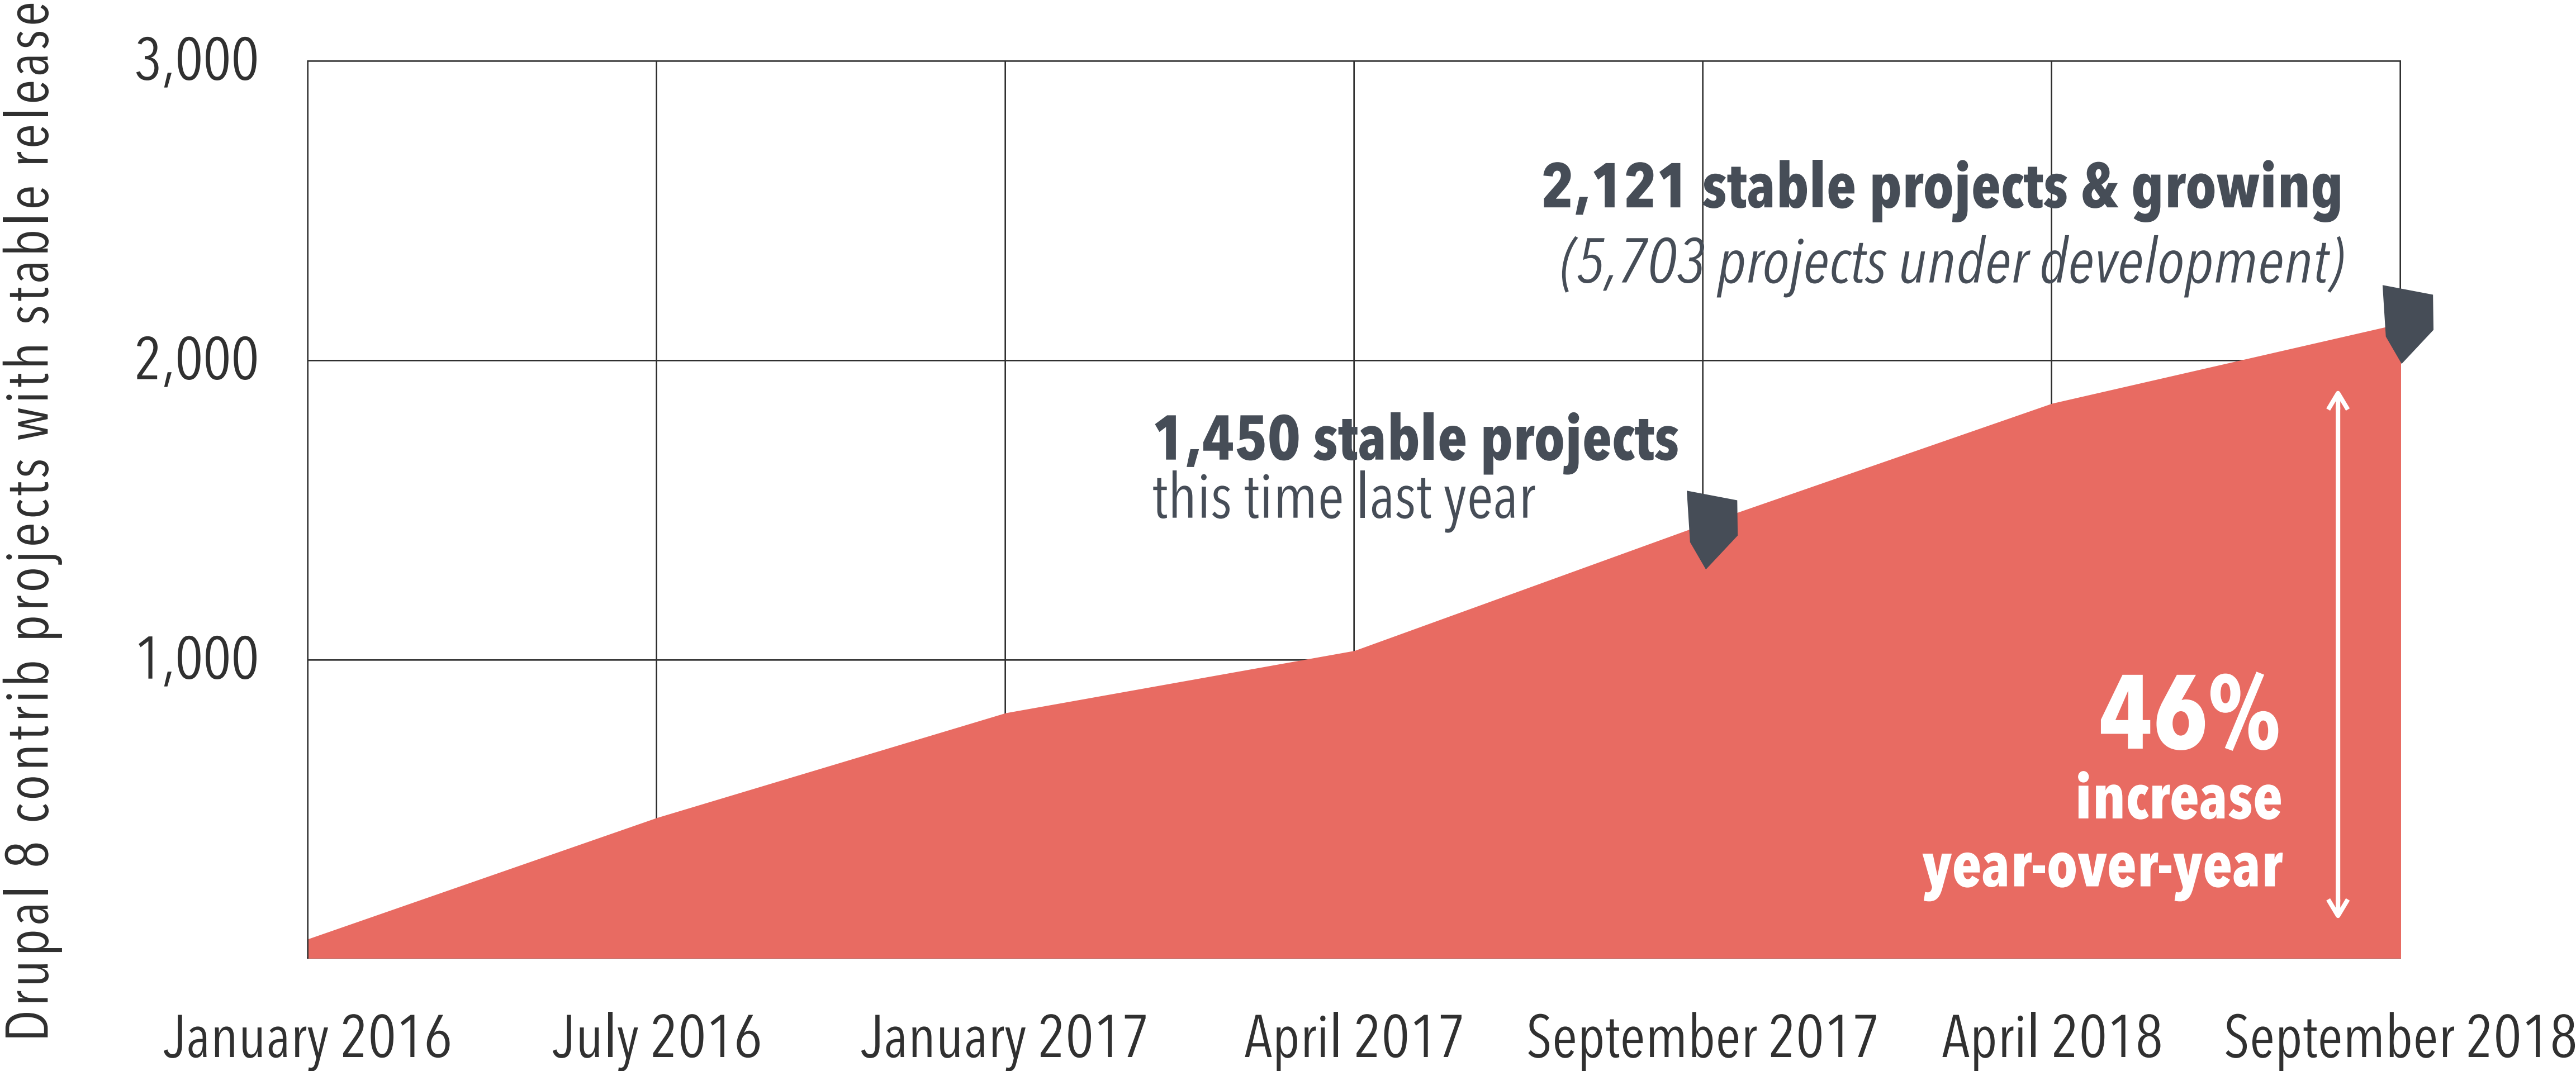

**"Drupal has
its **heartbeat** back"**

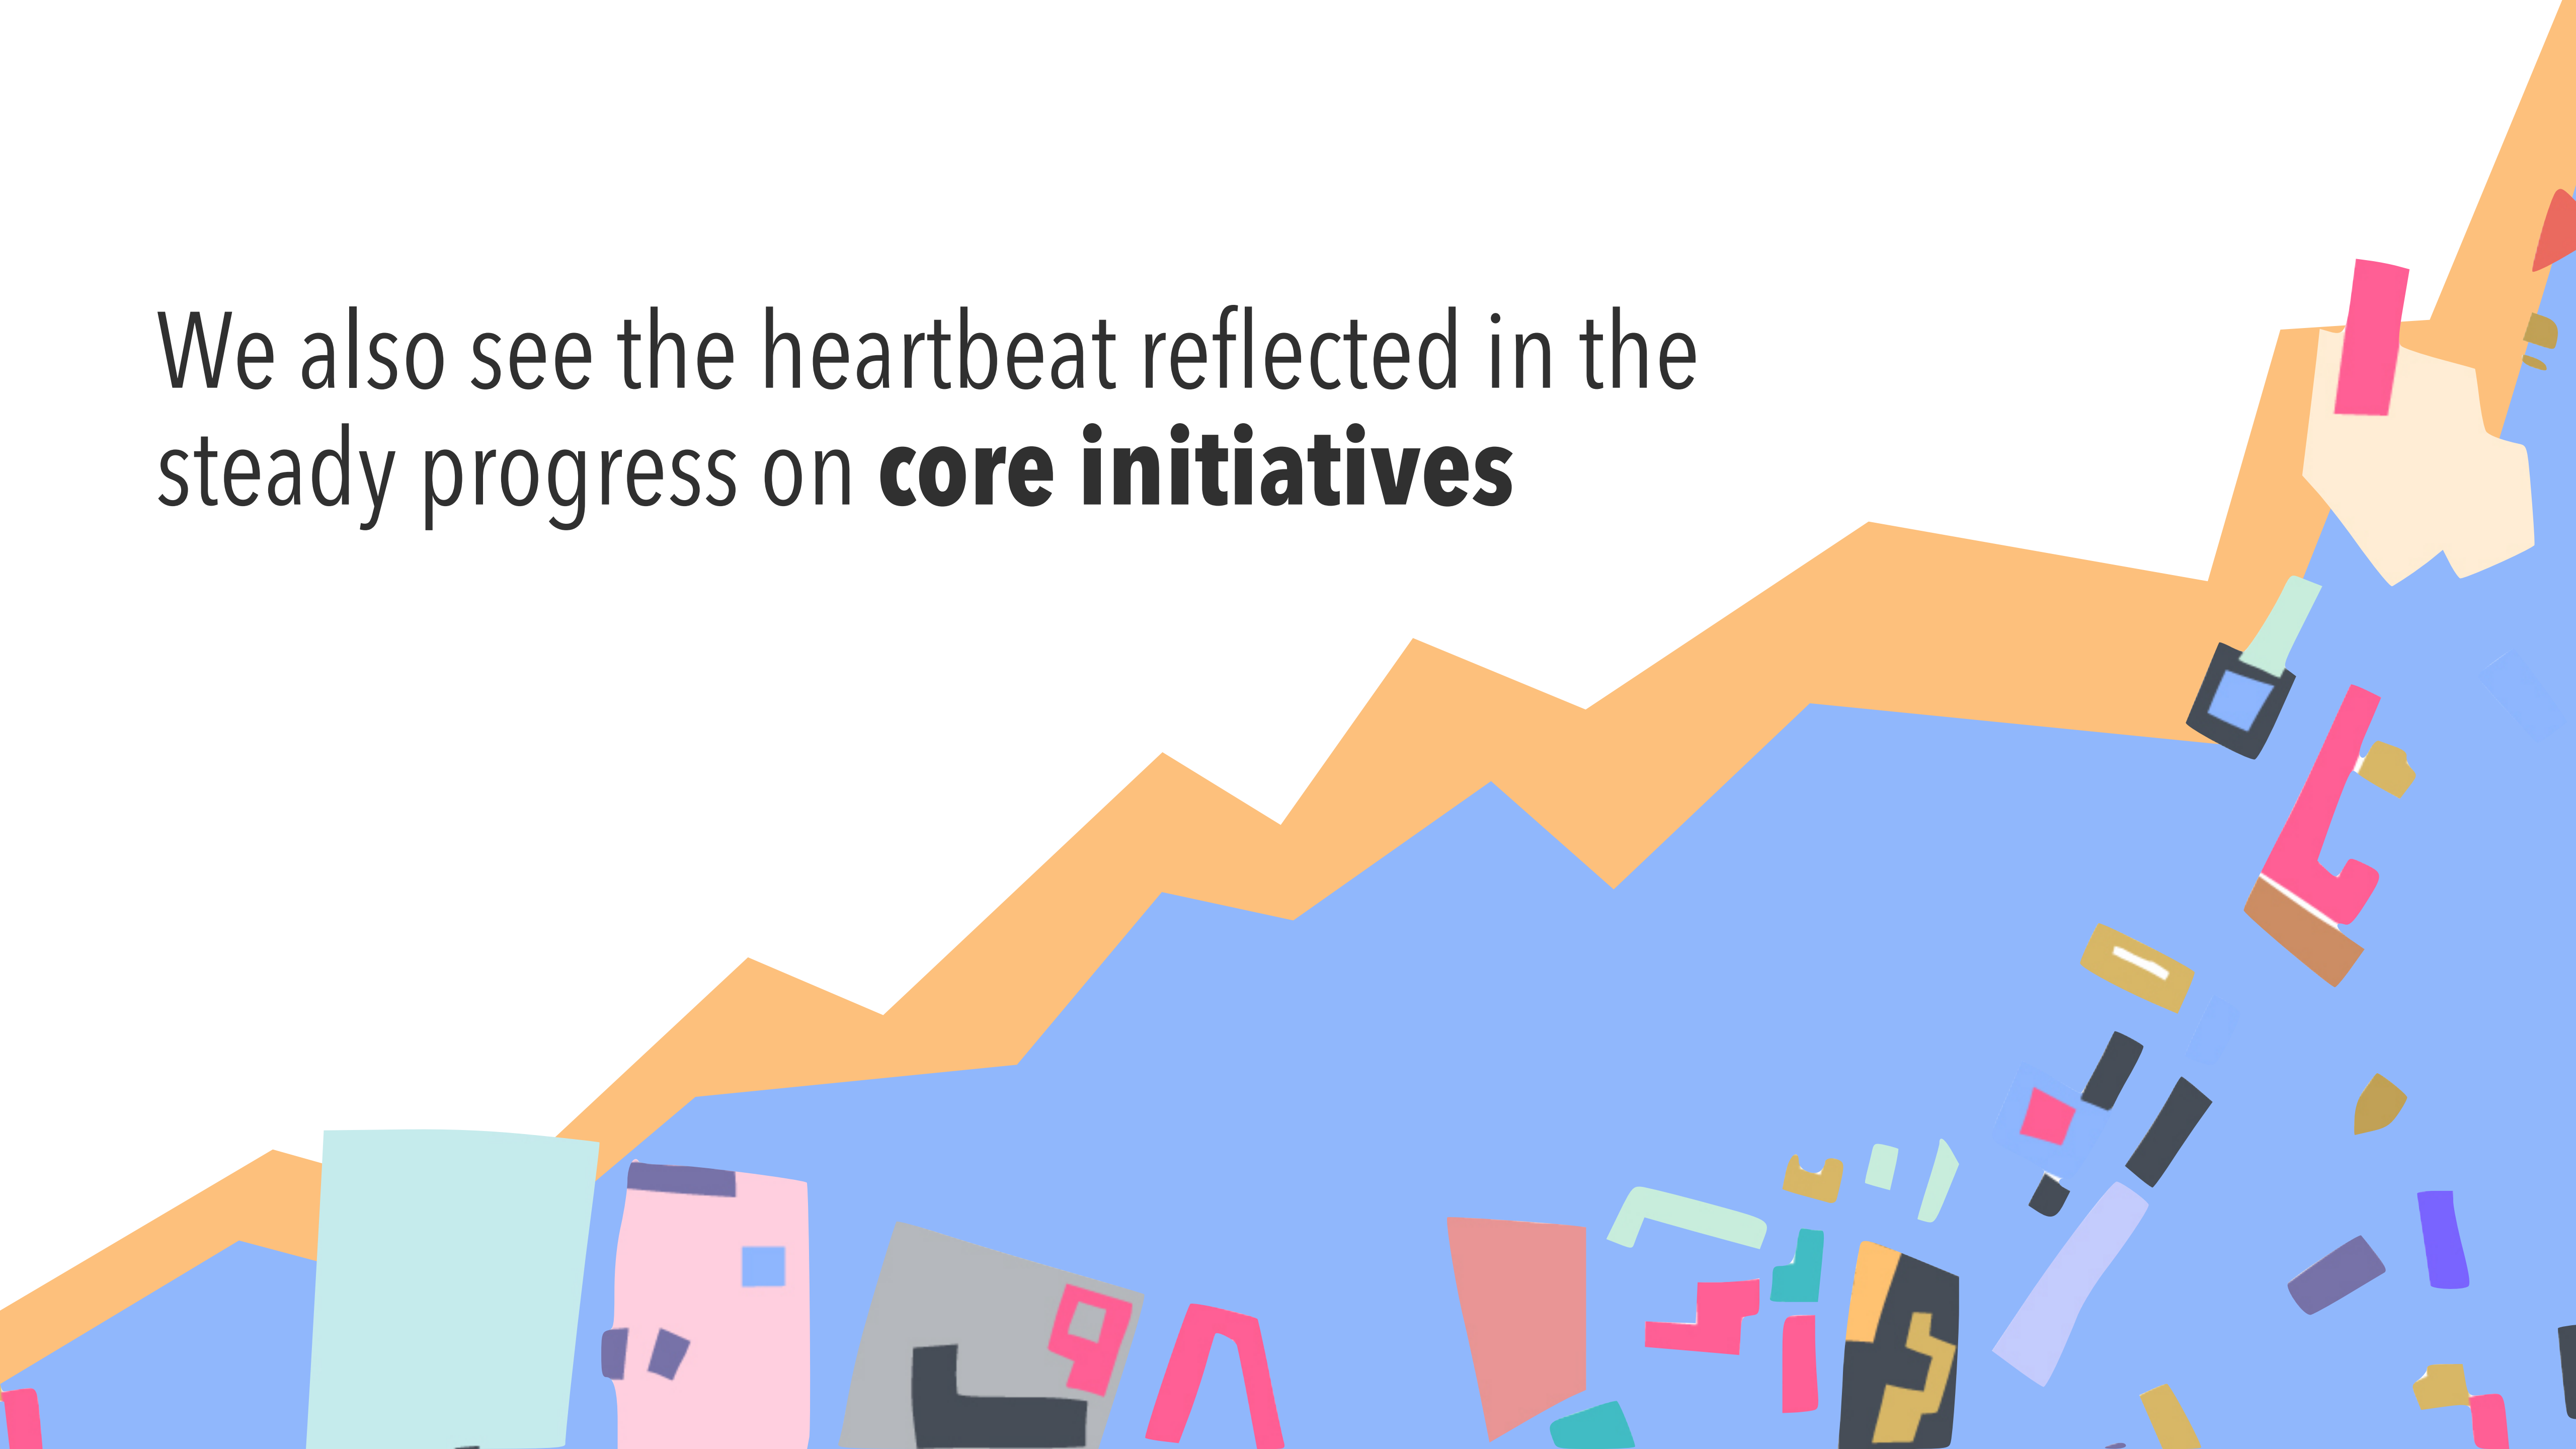

10% more contributors working on Drupal 8 core

46% more stable Drupal 8 modules compared to last year!

We also see the heartbeat reflected in the steady progress on **core initiatives**

One year ago, we had **7 core initiatives**

Improve the
administration
experience

**Modernize Drupal
through API-first
and JavaScript**

Build a bridge
to the JavaScript
community

What we're trying to do

We're implementing this new administration UI
as a **React application**

The diagram consists of two horizontal rectangular blocks. The top block is light purple and contains the text 'React UI'. The bottom block is light blue and contains the text 'Drupal'. Both blocks have slightly irregular, hand-drawn edges.

React UI

Drupal

We're talking about the
administration backend only

React UI

You can still use **Twig** for
your visitor-facing front-end

Drupal

You can still use **any JavaScript
framework** on the front-end

React UI

We're benefitting from the
API-First initiative

JSON API

JSON API support is
targeted for Drupal 8.7

Drupal

React UI

JSON API

Drupal

We are building a **prototype**

Drupal Books

There are many useful books about Drupal. Here are just a few of our recommendations:

AFTER

Drupal 8 User Guide

Curated introduction to readers new to Drupal 8.

Developer documentation

Documentation for developers about tools, processes, and standards that is not specific to a major version of Drupal.

Drupal 7 documentation

Community documentation for Drupal 7: general Drupal topics, contributed projects documentation.

The Drupal.org Community Documentation is maintained by the Drupal community. [Find out how you can help.](#)

Developer Guides

API Reference

Search the complete Drupal API including forms, menus, node access, theme system, etc.

Git documentation

Use git for version control to manage projects and code, and to collaborate with other Drupal developers.

Examples for Developers

Examine a standard repository of sample modules that can be used to learn module development, or are referenced on handbook pages.

Other Information

Code snippets

Reuse chunks of Drupal code that people have shared with the community.

Troubleshooting

Identify and solve problems with servers, page display, permissions, logins, etc.

La version 8.6.0 de Drupal apporte la mise à jour la plus importante depuis la sortie de Drupal 8.

Une meilleure expérience pour les développeurs et les utilisateurs

Washington D.C., le 5 Septembre 2018 - La communauté Drupal vient d'annoncer une mise à niveau majeure de Drupal 8. Cette mise à niveau offre une meilleure expérience, faisant de son utilisateur un héros au travail. De l'installation simplifiée et des mises à niveau plus stables pour les équipes techniques jusqu'à l'amélioration de l'expérience utilisateur pour les équipes marketing et de rédaction, Drupal 8.6.0 apporte des améliorations significatives par rapport à toutes les versions antérieures de Drupal.

Une nouvelle démonstration est incluse dans cette version afin d'inspirer les créateurs de sites par des exemples à l'état de l'art. De plus, les équipes marketing peuvent facilement publier du contenu complexe à l'aide des nouvelles fonctionnalités de l'éditeur de contenu, notamment: une meilleure prise en charge des vidéos, une nouvelle bibliothèque multimédia, et une notion d'espaces de travail qui permet des circuits de validation avancés. Comme pour toute mise à jour fonctionnelles majeures, les utilisateurs découvriront également de nombreuses corrections et améliorations globales.

Megan Sanicki, directrice exécutive de la Drupal Association, a déclaré: "Drupal 8.6 est une mise à jour importante en raison de l'accent mis sur la facilité d'utilisation. Cette version renforce l'expérience utilisateur, facilitant ainsi la migration à partir d'anciennes versions, sa mise en œuvre, mais également la capacité des équipes marketing à obtenir plus rapidement des résultats significatifs. Avec une communauté fortement mobilisée qui se concentre sur la réalisation de fonctionnalités qui valorisent les utilisateurs, je suis ravi de cette version et de ce qui est à l'horizon pour Drupal."

The background features several clusters of colorful geometric shapes (squares, rectangles, triangles) in the corners. Top-left: red, gold, blue, orange. Top-right: pink, blue, green, orange, pink. Bottom-left: pink, green, blue, purple, gold. Bottom-center: blue, gold, green, red, blue. Bottom-right: blue, purple, green, pink, red.

Much more is under way!

PROGRESS UPDATE

I. State of Drupal

II. Initiative updates

CLIMBING HIGHER

III. Drupal 7, Drupal 8, Drupal 9

IV. GitLab

V. It takes a village

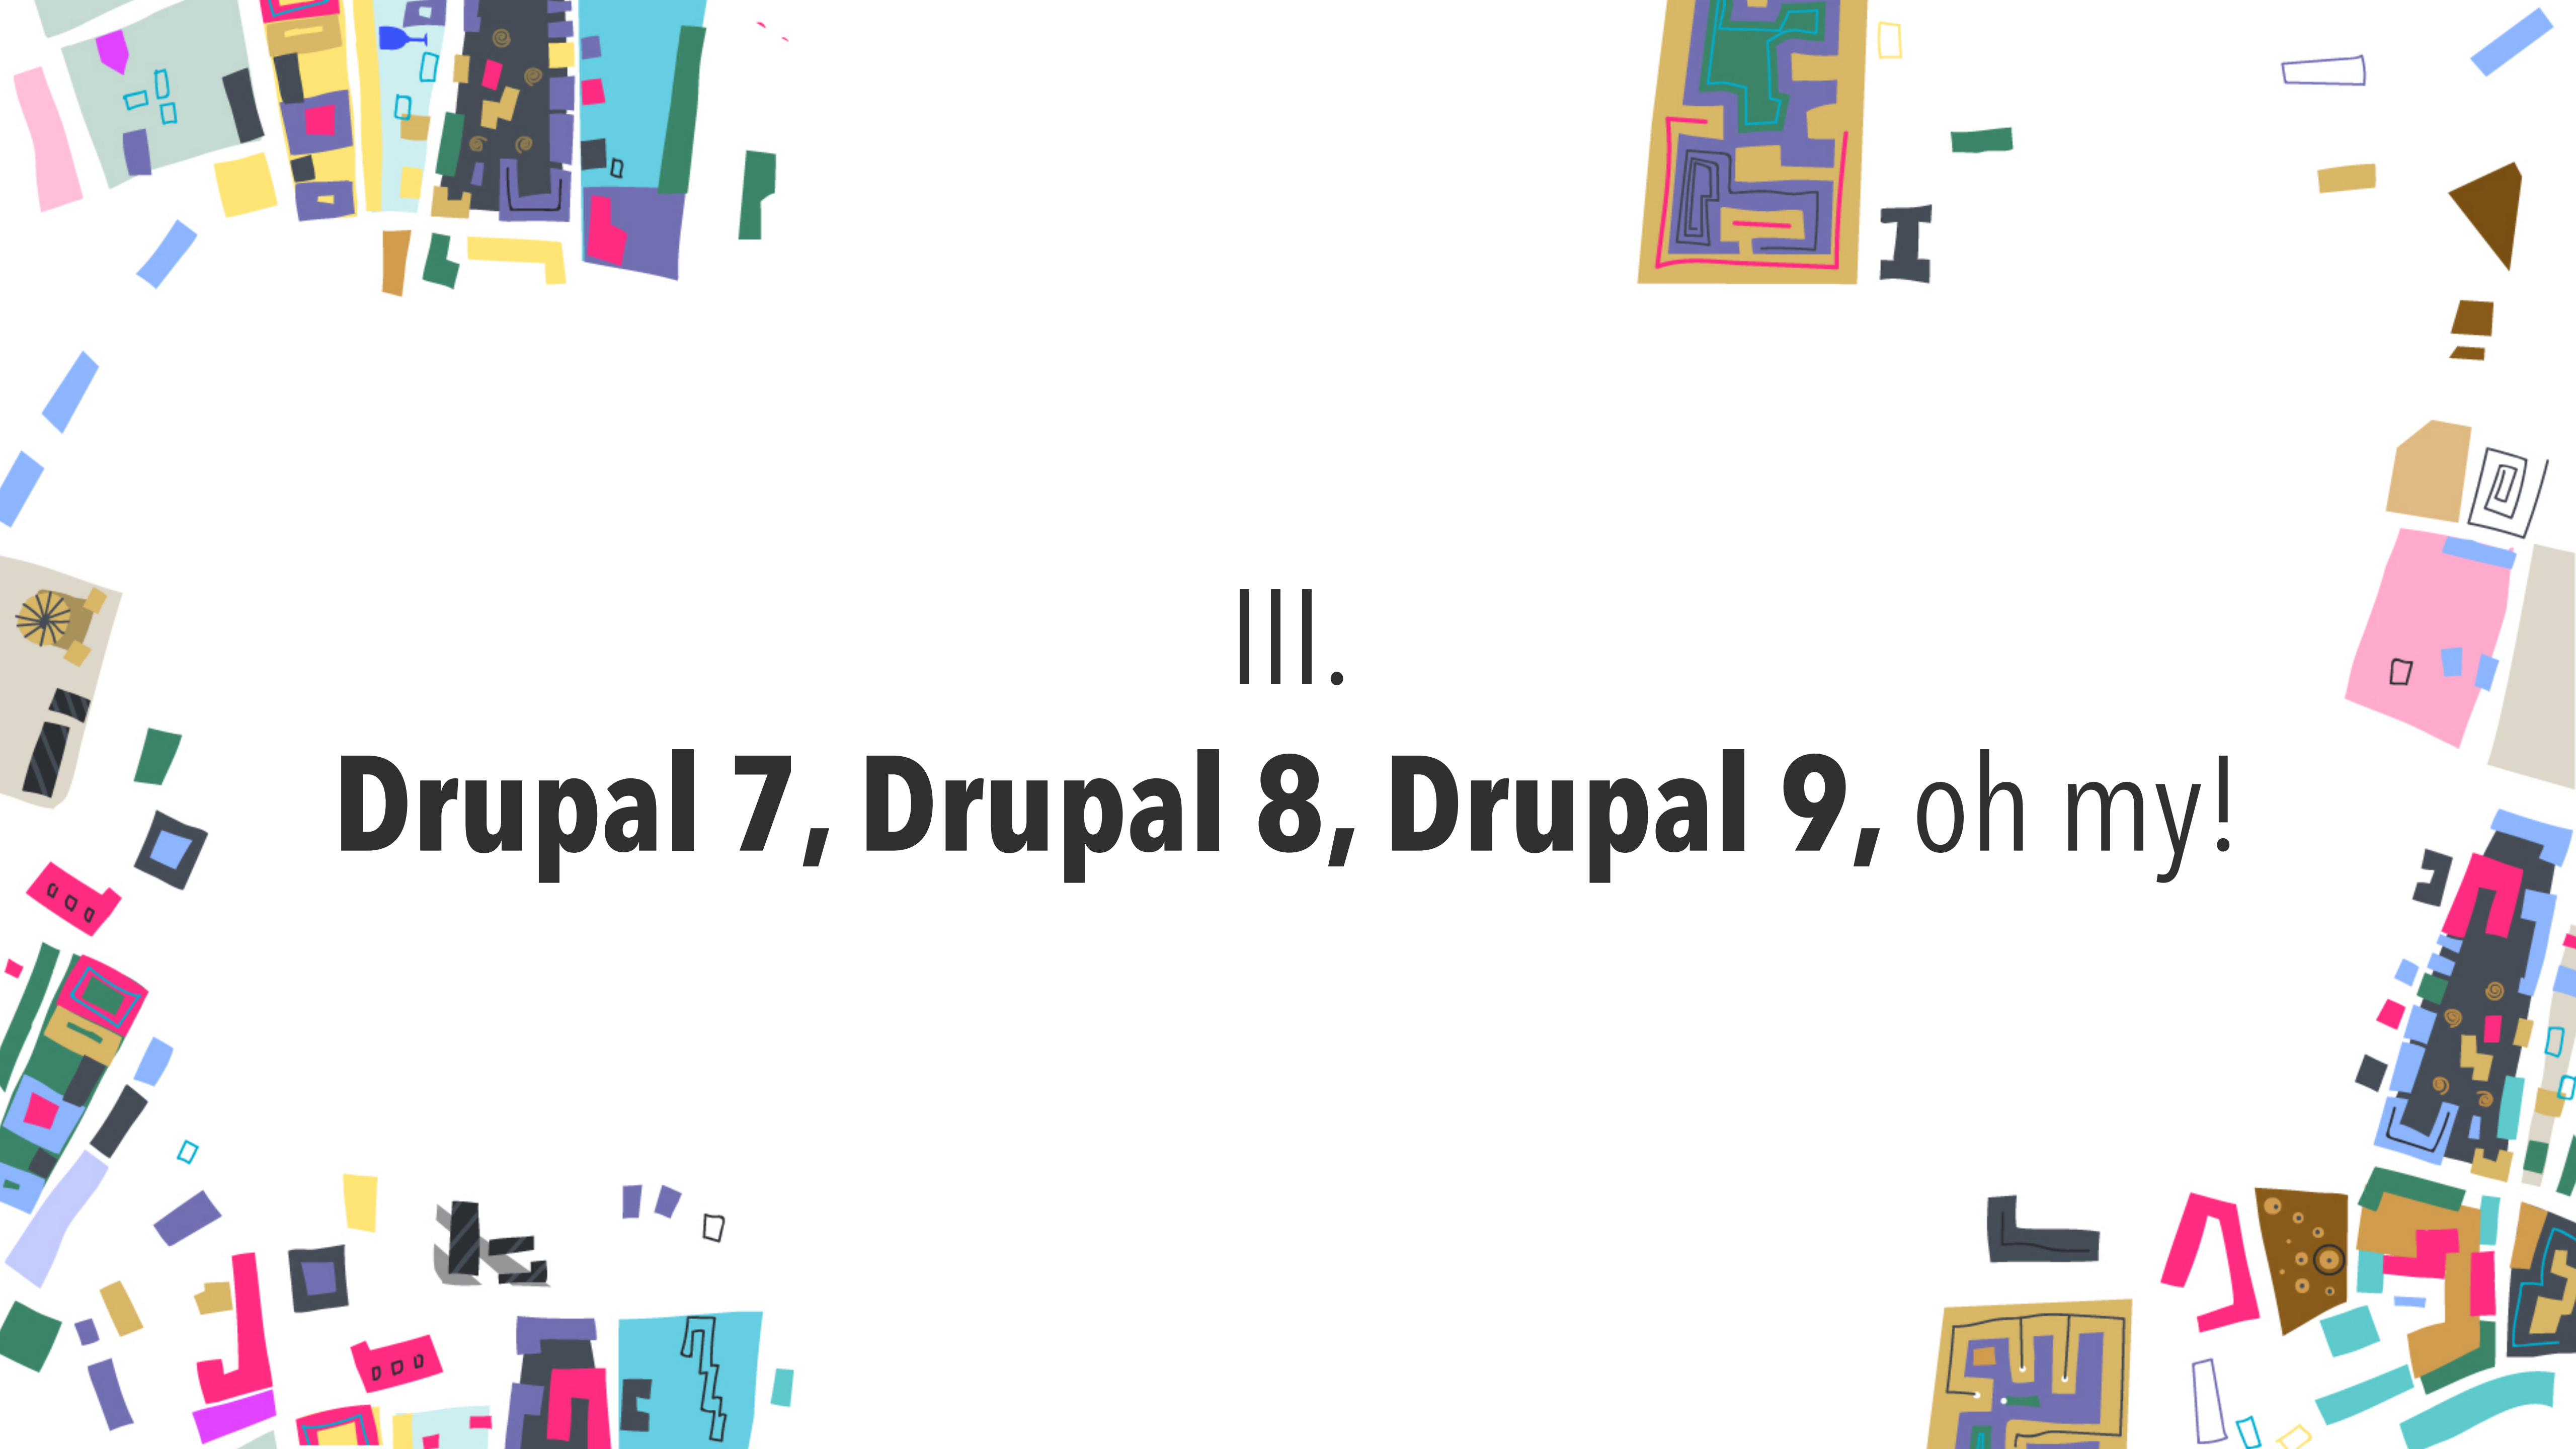

CLIMBING HIGHER

III. Drupal 7, Drupal 8, Drupal 9

IV. GitLab

V. It takes a village

The image features a white background with abstract, colorful geometric shapes (polygons, rectangles, and lines) scattered in the four corners. These shapes are in various colors including blue, green, yellow, pink, purple, and black. In the center, the text 'III.' is displayed in a large, black, serif font.

III.

Drupal 7, Drupal 8, Drupal 9, oh my!

Drupal 8 depends on **external components**
that will be end-of-life at some point

To keep Drupal secure, we need to move to
Symfony 4 and/or Symfony 5 by **November 2021**

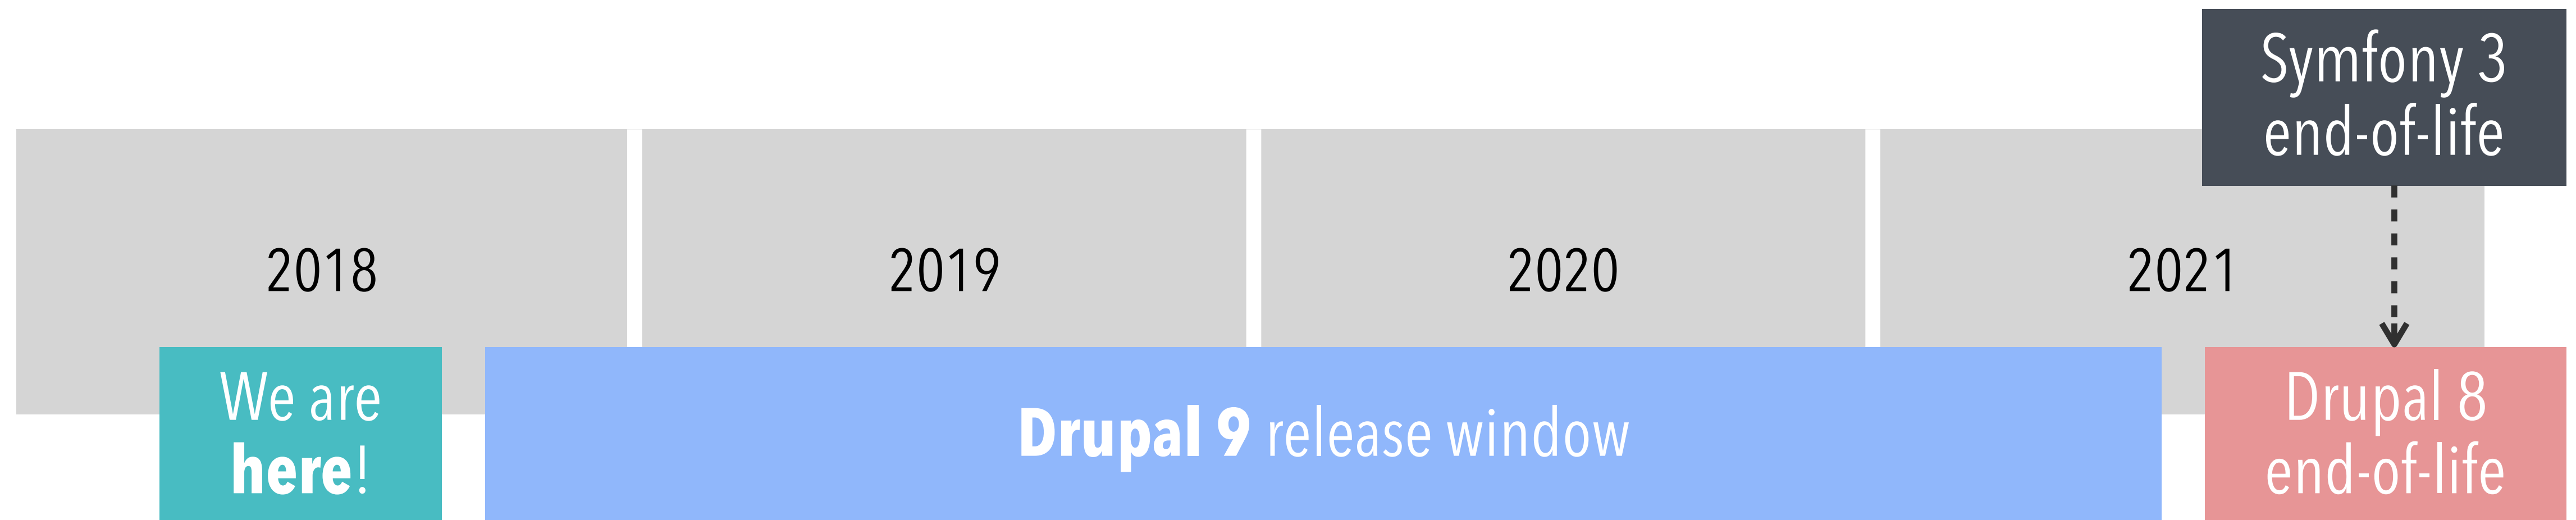

Adopting Symfony 4 or Symfony 5 will break backwards compatibility and requires us to **release Drupal 9**

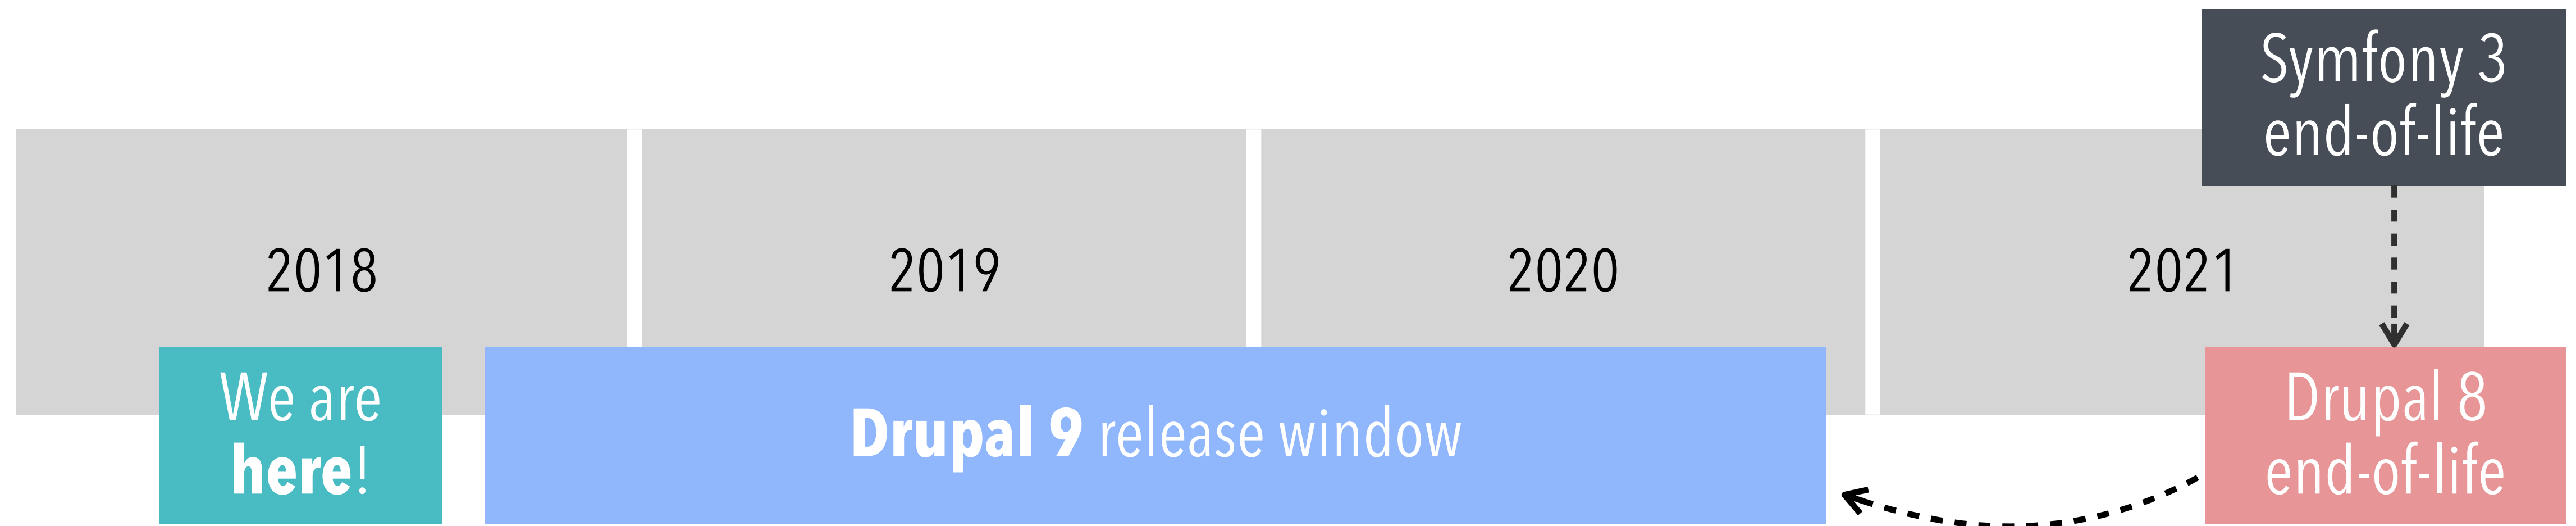

Drupal 8

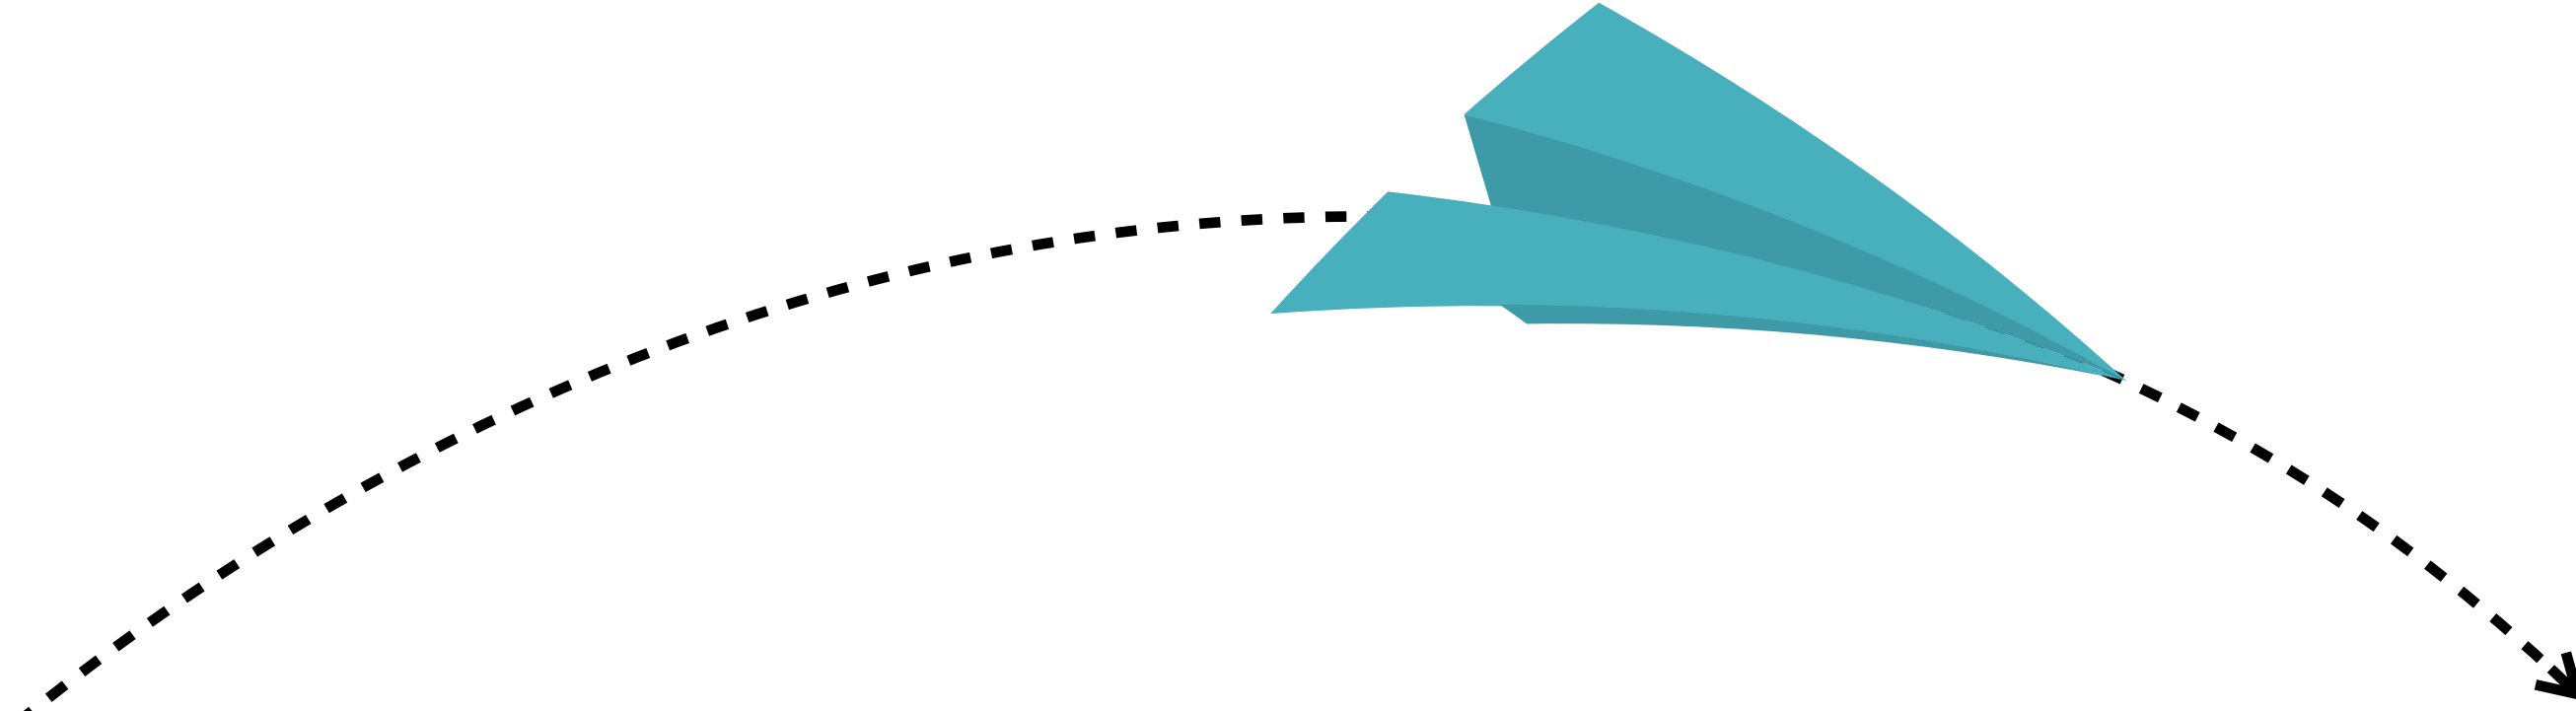

will be end-of-life by **November 2021**

We need to give site owners **one year**
to migrate from Drupal 8 to Drupal 9

Site owners need **one year** to
migrate from Drupal 8 to Drupal 9

Whut? Only one year to **migrate?**

It should be easy because we changed
how we manage backwards compatibility

dri.es/making-drupal-upgrades-easy-forever

We can't release Drupal 9 tomorrow

because we need to adopt Symfony 4 or Symfony 5,
remove deprecated code, and more ...

Site owners need **one year** to
migrate from Drupal 8 to Drupal 9

We can't release Drupal 9 tomorrow

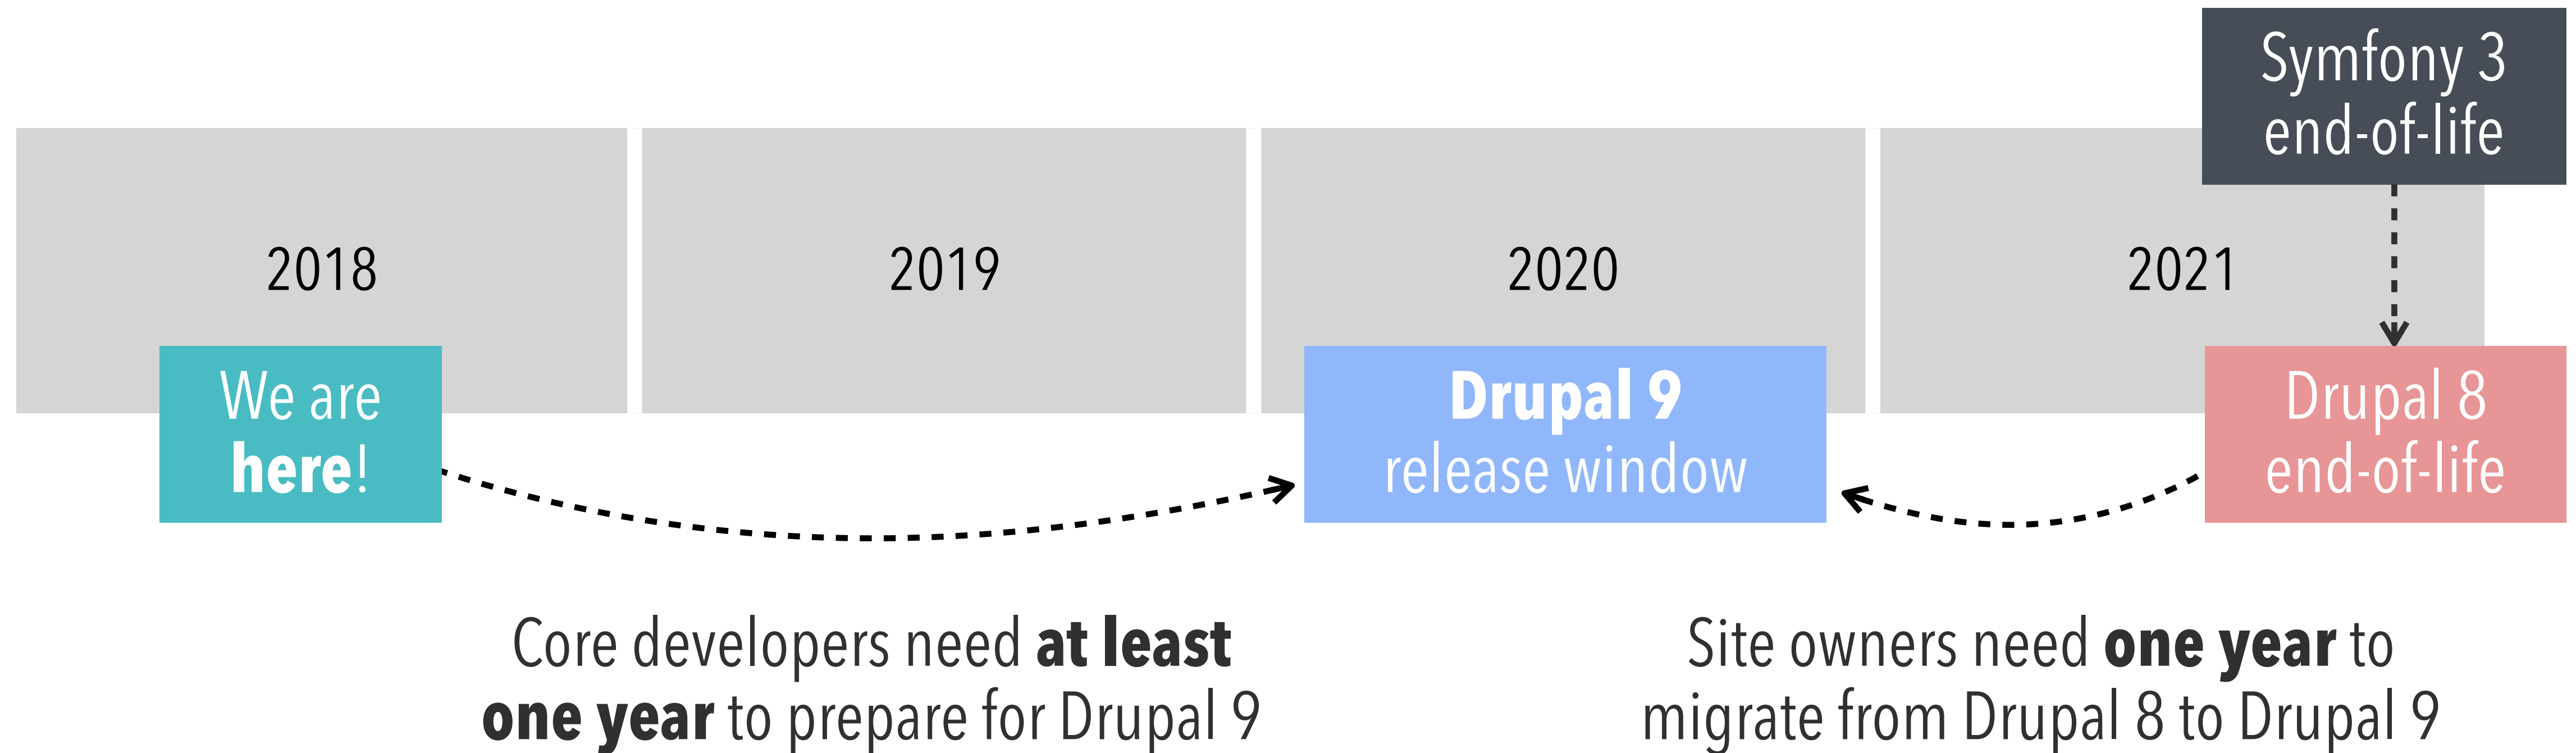

because we need to adopt Symfony 4 or Symfony 5,
remove deprecated code, and more ...

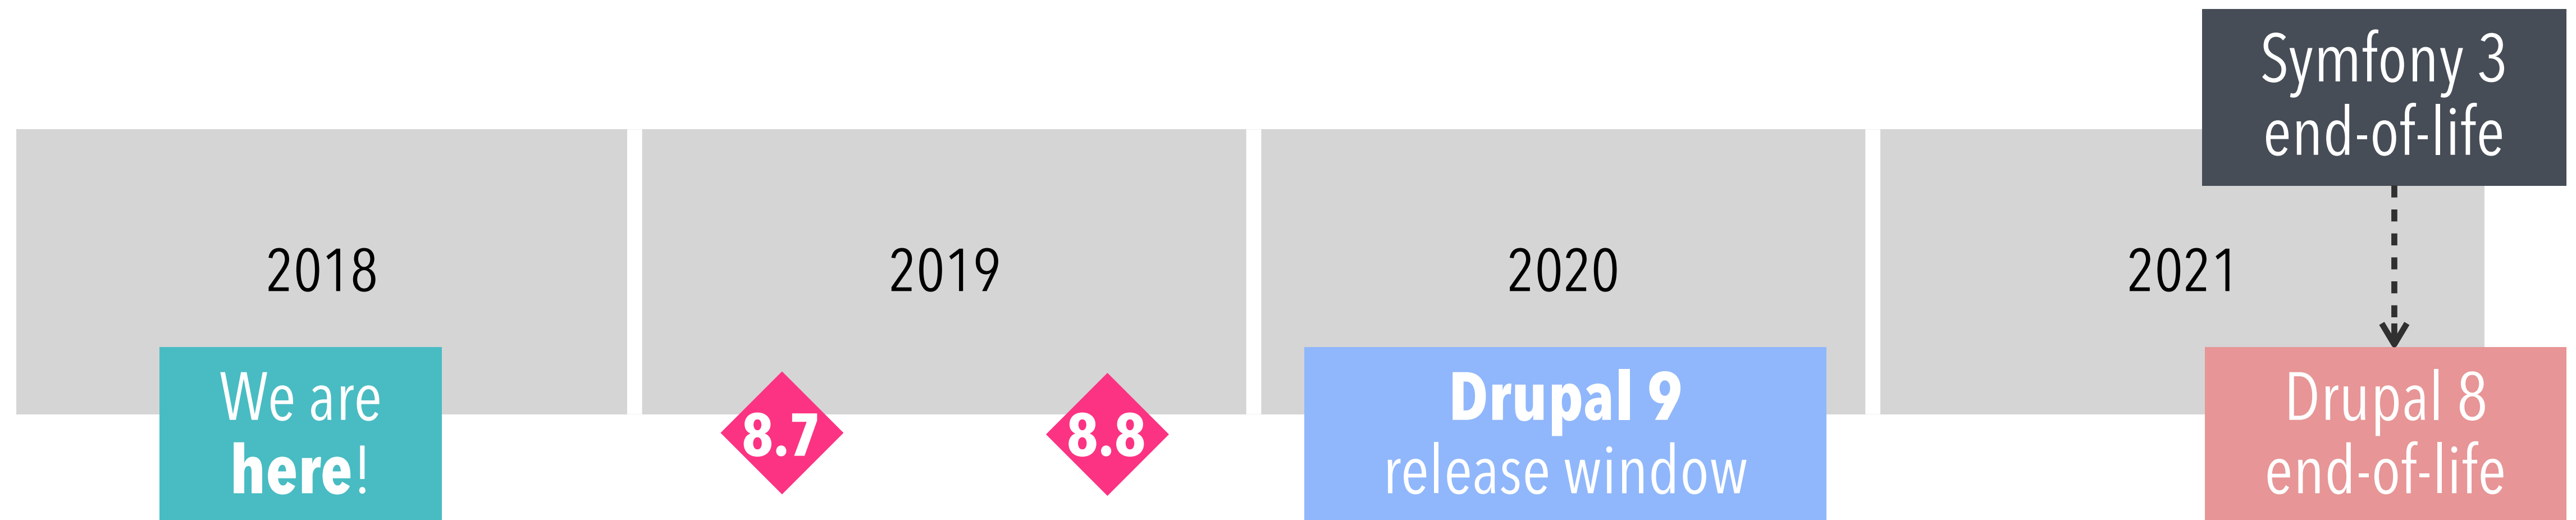

Site owners need **one year** to
migrate from Drupal 8 to Drupal 9

Drupal 9

will be released in **2020**

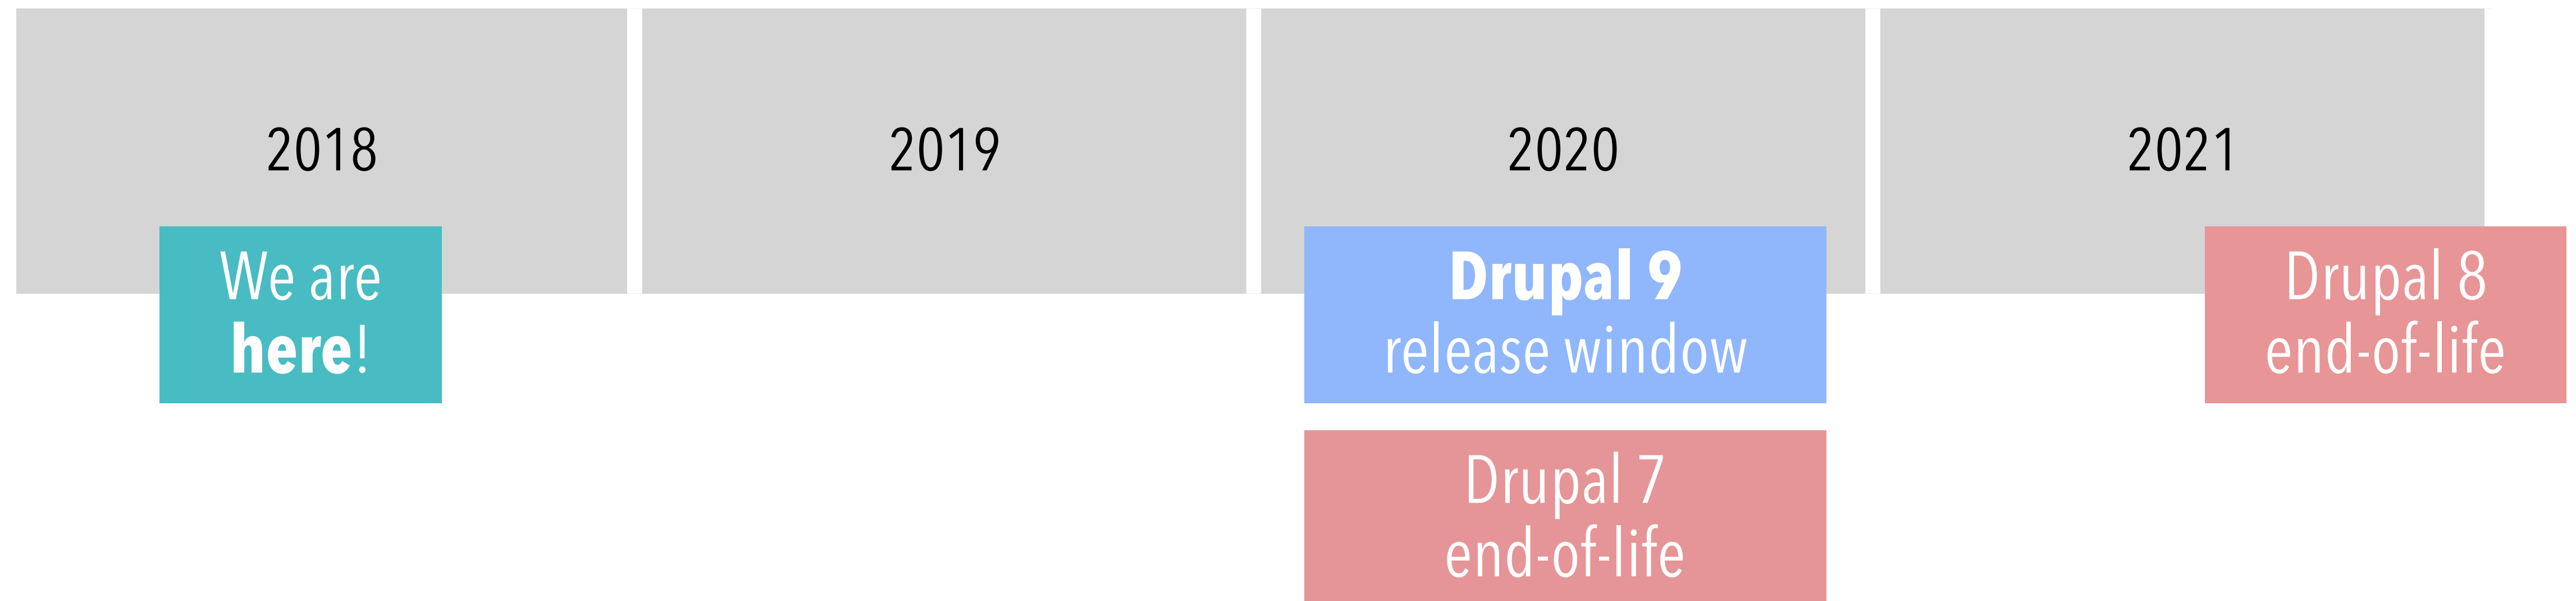

We will have a **Drupal 8.7**
and **Drupal 8.8** release next year

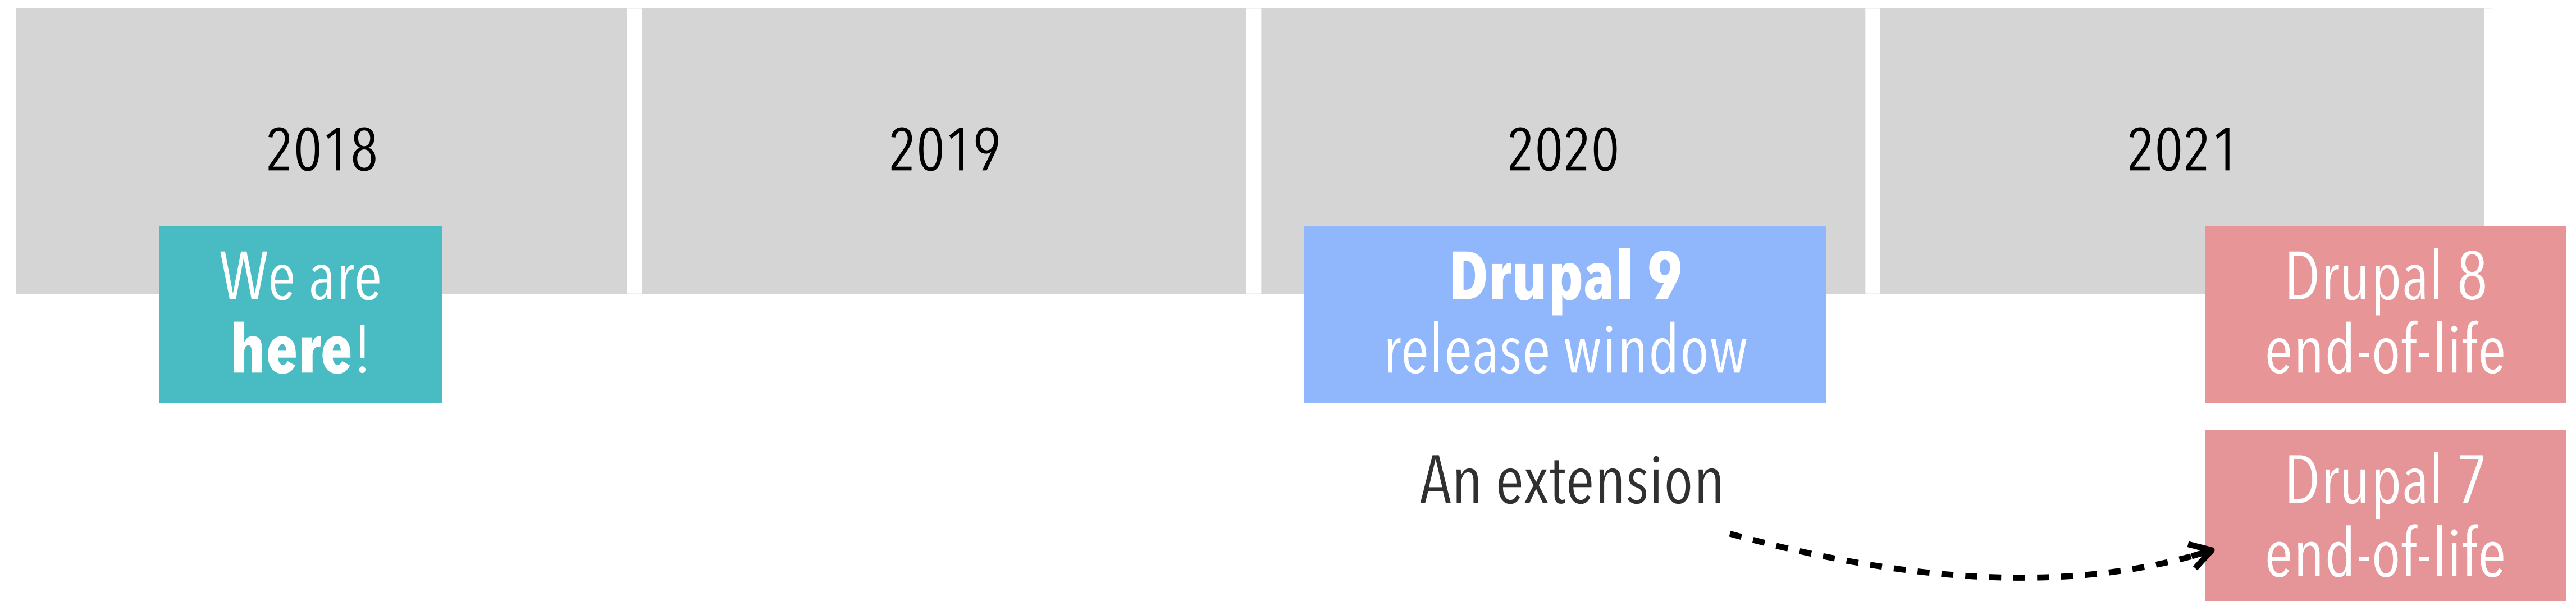

So ... when does **Drupal 7** go end-of-life?

Historically, **Drupal 7** would go end of life
when Drupal 9 is released

Drupal 7

will be supported until **November 2021**

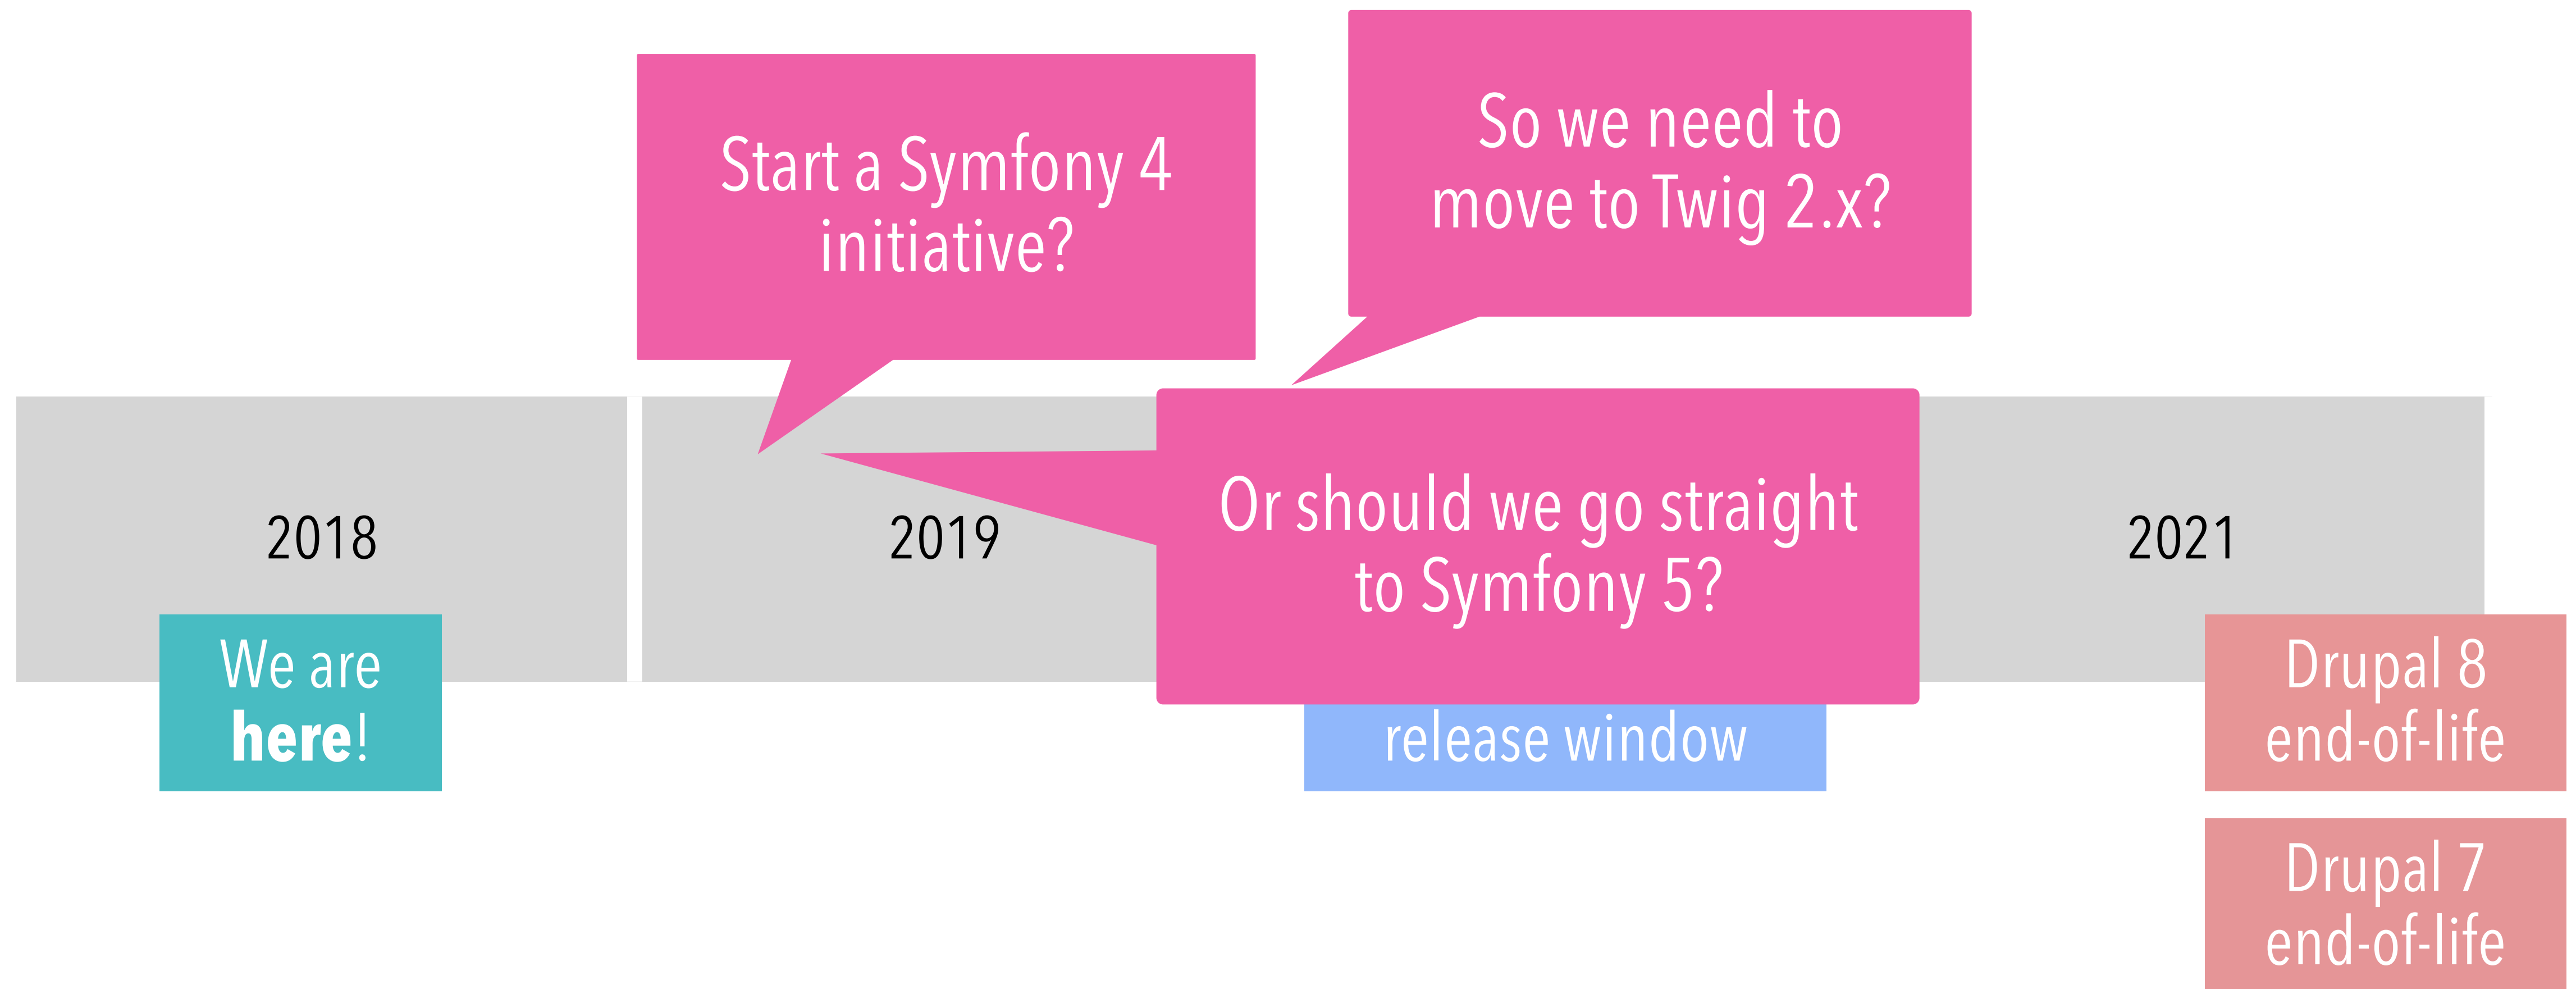

The devil is in **the details**

<https://dri.es/drupal-7-8-and-9>

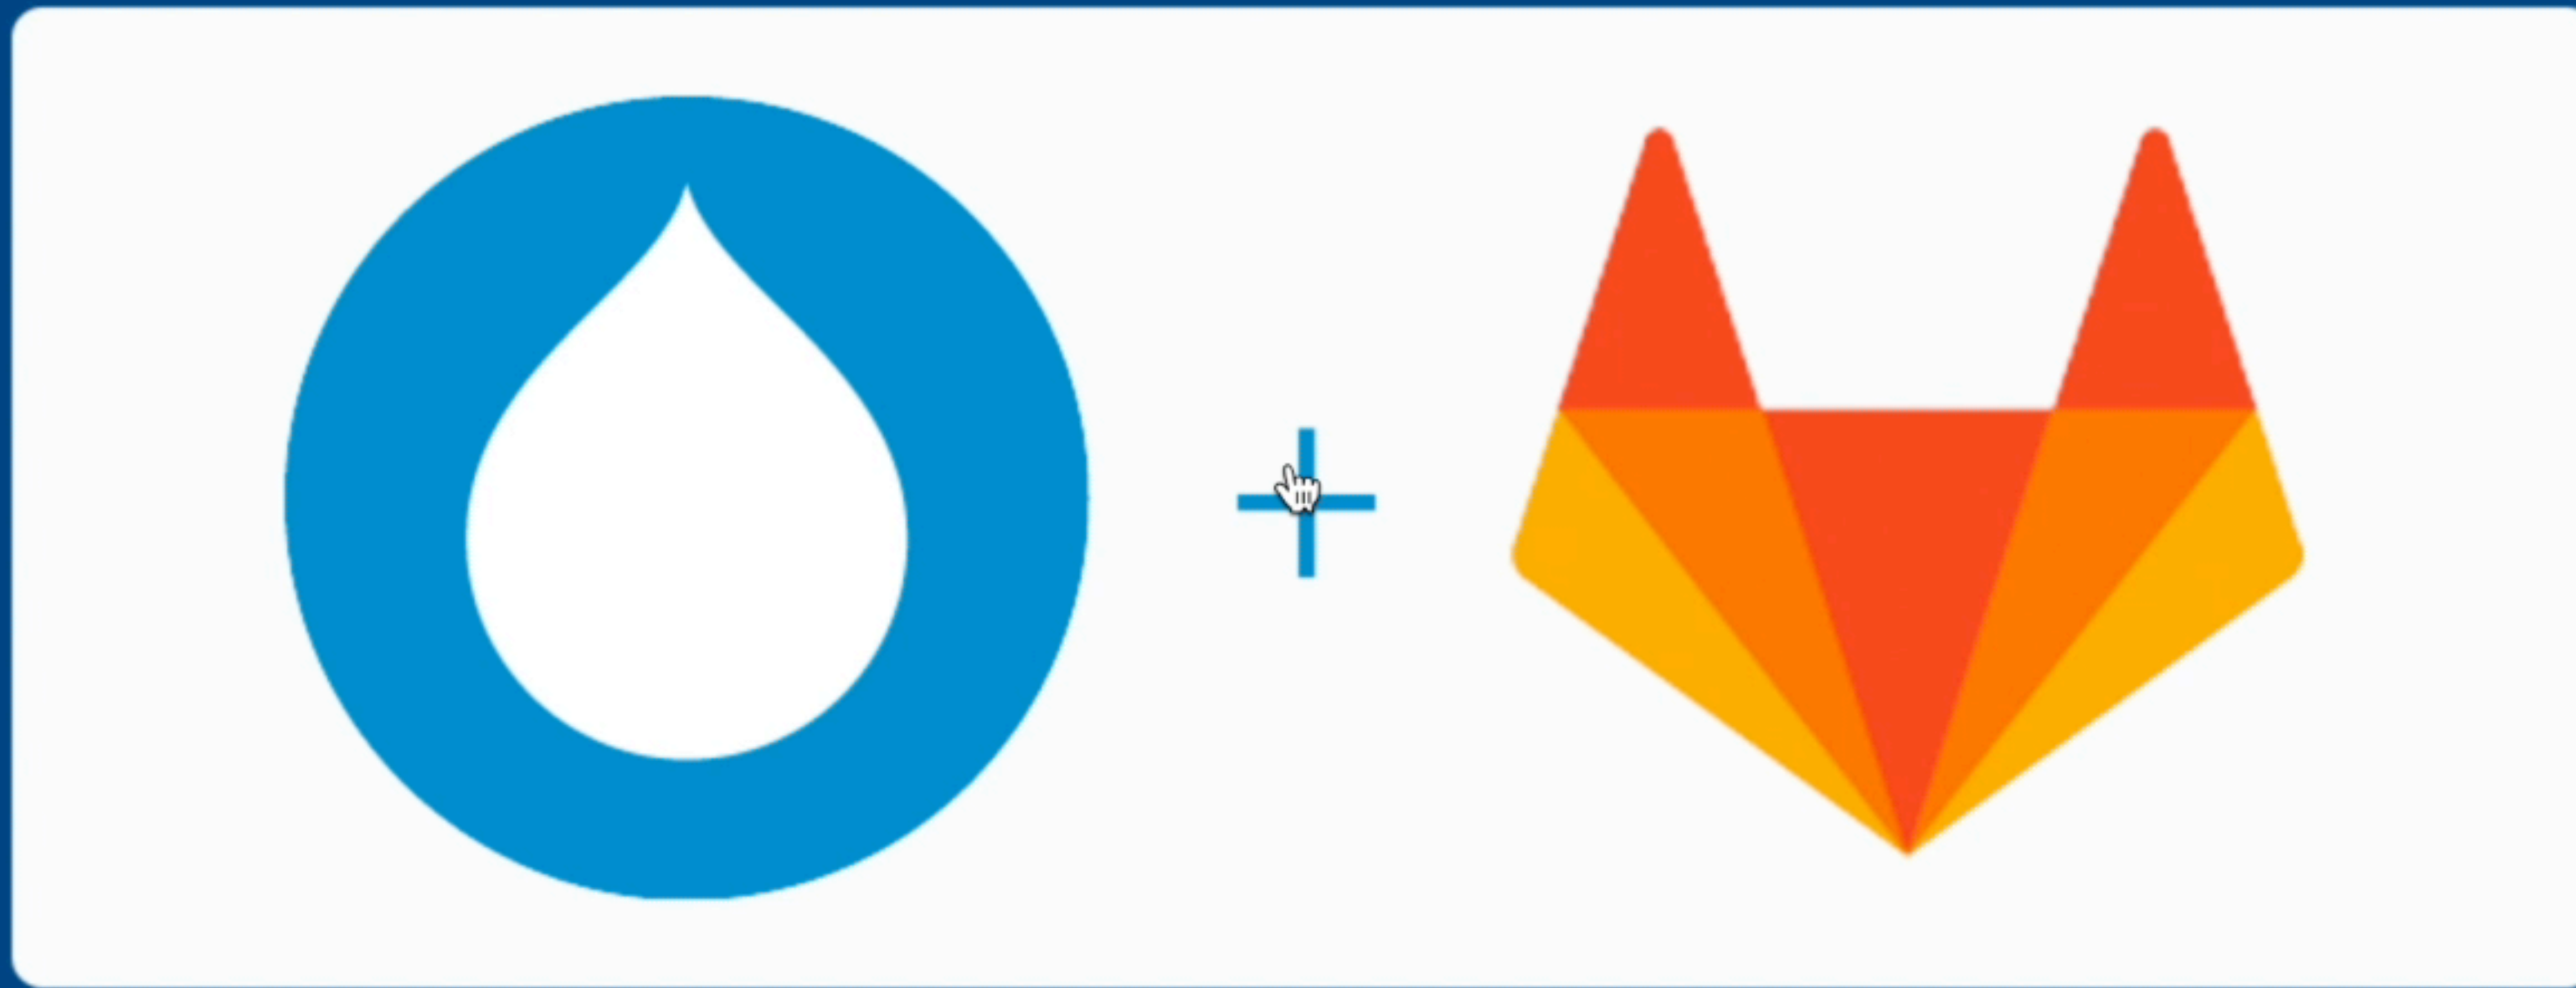

Let's use Drupal Europe to do some **planning**

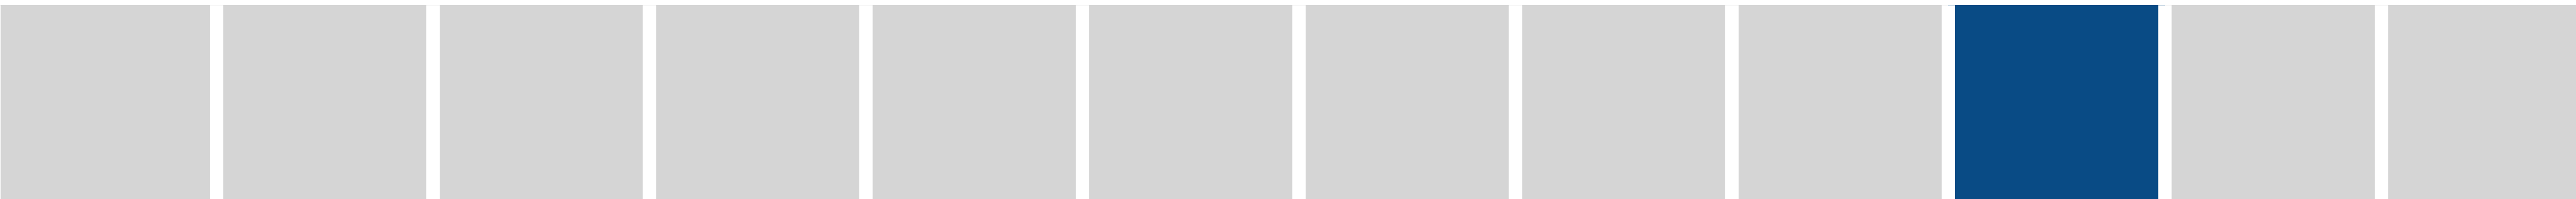

The image features a white background with abstract, colorful geometric shapes in the corners. These shapes include various polygons, rectangles, and irregular forms in shades of blue, green, yellow, orange, and red, some with internal patterns or outlines. They are arranged in a way that frames the central text.

IV. Drupal.org is adopting **GitLab!**

Developer Tooling Initiative

When will it be **available**?

**Q4
2018**

Phase 1:

Replacing Drupal.org's Git backend
Web-based code review

**Q1 – Q2
2019**

Phase 2:

Merge requests
Inline code editing

Ongoing

Phase 3:

Additional features

In summary:

Drupal 8 became **easier to use for content creators**

Drupal.org is **moving to GitLab** very soon

We've begun to coordinate the **marketing of Drupal**

Drupal 9 will be **released in 2020**

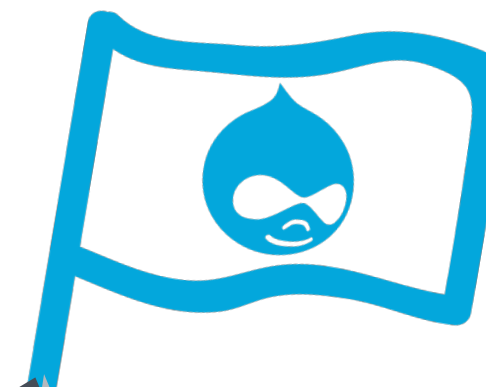

Drupal 8 became much **easier to evaluate**

Drupal 8 became **a better tool for developers**

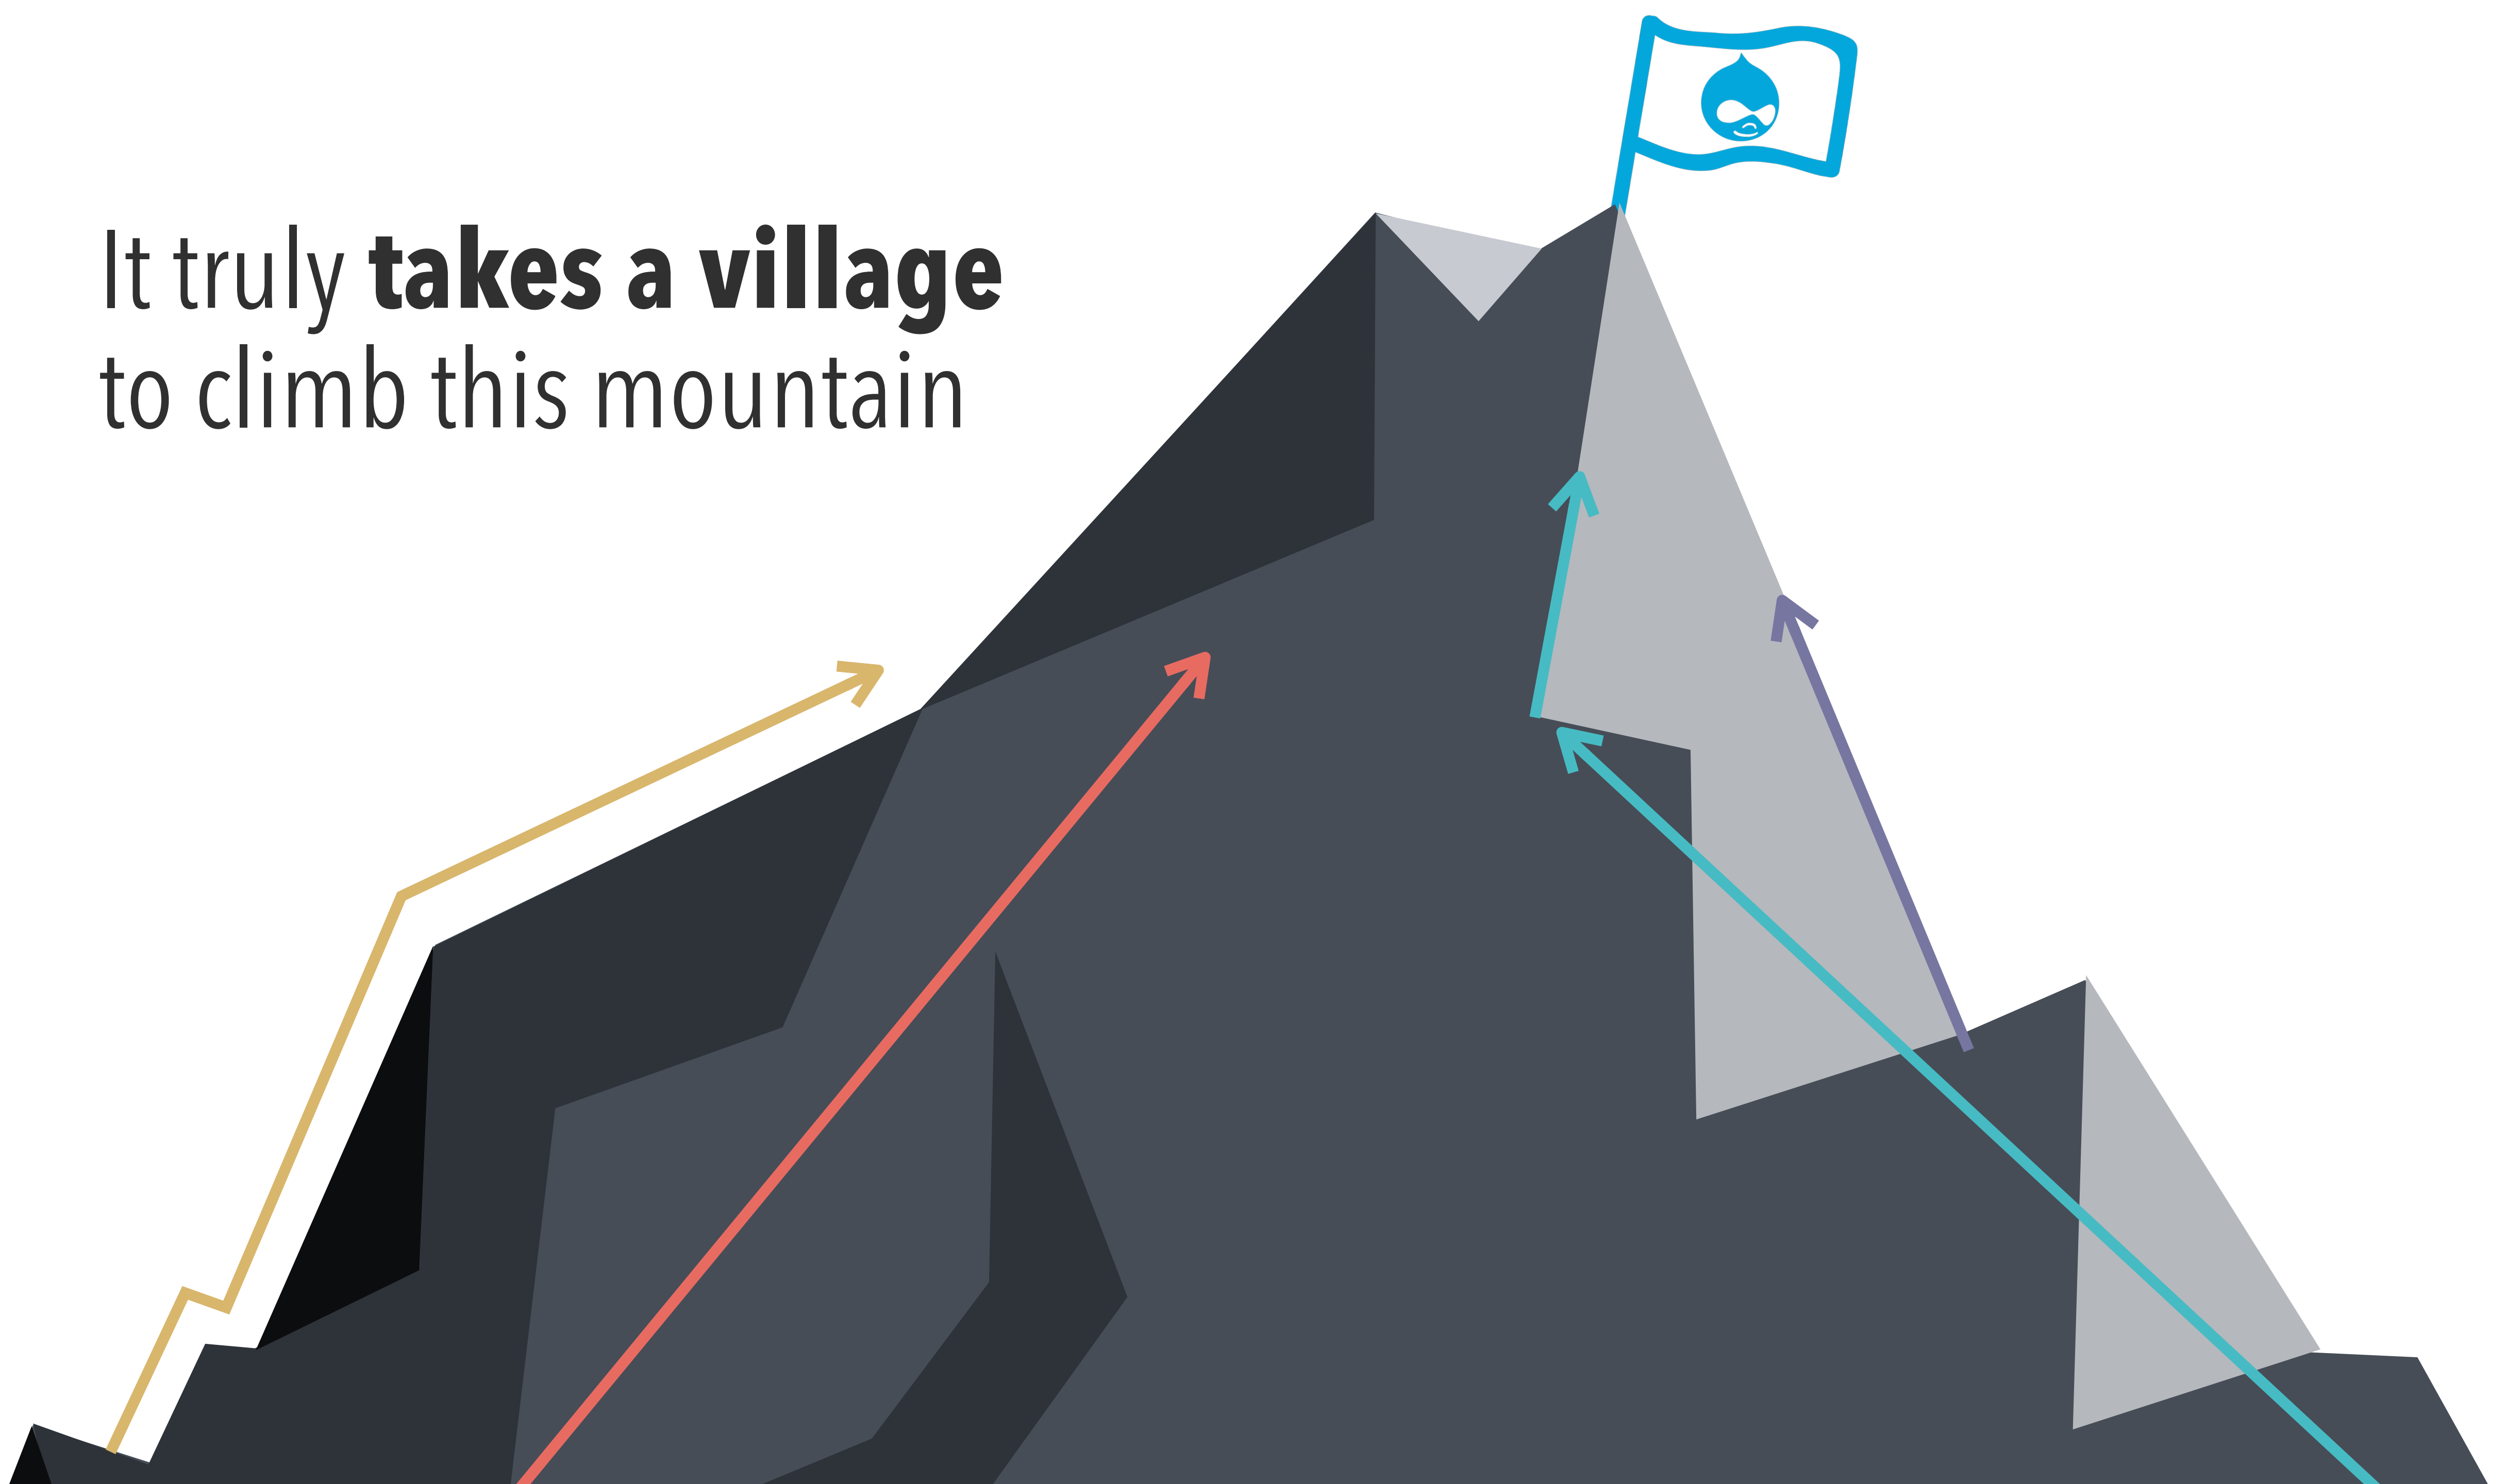

Drupal 8 will be end-of-life by **November 2021**

Drupal 7 will be supported until **November 2021**

You now have up to **12 months to upgrade** your sites

It truly **takes a village**
to climb this mountain

DrupalCon

SEATTLE **2019**
APRIL 8-12

DrupalCon

AMSTERDAM **2019**
28 OCT - 1 NOV

Brought to you by:

KUONI Congress

The image features a white background with colorful, irregular geometric shapes (confetti) scattered in the corners. The top-left corner contains a cluster of shapes in shades of blue, yellow, and pink. The top-right corner has a large red square and several smaller blue and yellow shapes. The bottom-left corner shows a mix of blue, green, and pink shapes. The bottom-right corner includes a large orange shape and some smaller blue and green pieces.

Thank you **Megan!**

The background of the entire image is a dense, abstract collage of various geometric shapes, including rectangles, triangles, and irregular polygons. These shapes are scattered across the white background, creating a vibrant, multi-colored border around the central text. The colors used include shades of blue, green, yellow, orange, red, pink, purple, and grey. Some shapes contain smaller, more complex patterns or lines, adding to the visual complexity.

Thank You
